Television Or Dominion

Gene Allen, Daniel J. Robinson

Television Or Dominion:

Television Or Dominion? Schlissel, Steve, 1992 Communicating in Canada's Past Gene Allen, Daniel J. Robinson, 2009-01-01 The first collection of its kind this volume assembles both well established and up and coming scholars to address sizable gaps in the literature on media history in Canada **Focus On: 100 Most Popular Television Series by Universal Television** Wikipedia contributors, **The Last Midnight** Leisa A. Clark, Amanda Firestone, Mary F. Pharr, 2016-10-12 Do you find yourself contemplating the imminent end of the world Do you wonder how society might reorganize itself to cope with global cataclysm Have you begun hoarding canned goods and ammunition Visions of an apocalypse began to dominate mass media well before the year 2000 Yet narratives since then present decidedly different spins on cultural anxieties about terrorism disease environmental collapse worldwide conflict and millennial technologies Many of these concerns have been made metaphorical zombie hordes embody fear of out of control appetites and encroaching disorder Other fears like the prospect of human technology s turning on its creators seem more reality based This collection of new essays explores apocalyptic themes in a variety of post millennial media including film television video games webisodes and smartphone apps **Official Gazette of the United States Patent and Trademark Office** , 1998 Media Globalization and the Discovery Channel Networks Ole J. Mjos, 2009-09-10 This book is about the relationship between media and globalization explored through the unique study of the global expansion of Discovery Communications spearheaded by the Discovery Channel one of the world s largest providers of factual television programming and media content The book argues that the study of Discovery s relationship with globalization provides both a specific and a more general practical and theoretical understanding of how the processes of increased linking and interweaving of media and communications unfold and develop as well as some of the consequences of this **Christian Reconstruction** Michael J. McVicar, 2015-04-27 This is the first critical history of Christian Reconstruction and its founder and champion theologian and activist Rousas John Rushdoony 1916 2001 Drawing on exclusive access to Rushdoony s personal papers and extensive correspondence Michael J McVicar demonstrates the considerable role Reconstructionism played in the development of the radical Christian Right and an American theocratic agenda As a religious movement Reconstructionism aims at nothing less than reconstructing individuals through a form of Christian governance that if implemented in the lives of U S citizens would fundamentally alter the shape of American society McVicar examines Rushdoony s career and traces Reconstructionism as it grew from a grassroots populist movement in the 1960s to its height of popularity in the 1970s and 1980s He reveals the movement s galvanizing role in the development of political conspiracy theories and survivalism libertarianism and antistatism and educational reform and homeschooling The book demonstrates how these issues have retained and in many cases gained potency for conservative Christians to the present day despite the decline of the movement itself beginning in the 1990s McVicar contends that Christian Reconstruction has contributed significantly to how certain forms of religiosity

have become central and now familiar aspects of an often controversial conservative revolution in America **FCC Record**
