The Red Tower, 1995 The Cambridge History of Ireland: Volume 4, 1880 to the Present Thomas Bartlett, 2018-04-26

This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present. Based on the most recent and innovative scholarship and research, the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social, economic, religious, political, demographic, institutional, and cultural history. By situating the Irish story or stories as for much of these decades, two Irelands are in play in a variety of contexts: Irish and Anglo-Irish but also European, Atlantic, and latterly global. The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades. Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century, this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland.

The Cambridge History of America and the World: Volume 4, 1945 to the Present David C. Engerman, Max Paul Friedman, Melani McAlister, 2022-03-03

The fourth volume of *The Cambridge History of America and the World* examines the heights of American global power in the mid-twentieth century and how challenges from at home and abroad altered the United States and its role in the world. The second half of the twentieth century marked the pinnacle of American global power in economic, political, and cultural terms, but even as it reached such heights, the United States quickly faced new challenges to its power originating both domestically and internationally. Highlighting cutting-edge ideas from scholars from all over the world, this volume anatomizes American power as well as the counters and alternatives to the American empire. Topics include US economic and military power, American culture overseas, human rights and humanitarianism, third world internationalism, immigration, communications technology, and the Anthropocene.

Culture, Conflict, and Migration Donald M. MacRaild, 1998-01-01

A major study of Catholic and Protestant Irish in an important but neglected center of historic Irish settlement where communal violence and Irish-related antipathy bore the hallmarks of the Liverpool and Glasgow experiences, *Culture, Conflict, and Migration* deserves to be read as an important contribution to the growing literature on the Irish in Britain.
