The Feasibility of Fertility Planning T. Scarlett Epstein, Darrell Jackson, 2016-06-06 The Feasibility of Fertility Planning Micro Perspectives is a collection of papers presented during a conference held at the Institute of Development Studies in December 1975 Part 1 gives an introduction to the paradigms and perspectives of population growth and rural poverty in Third World countries This section discusses the need for a cross cultural approach in coming up with recommendations that will vary in different social economic or political environments Part 2 discusses culture and fertility particularly the relationship between economic and demographic changes A case study regarding the impact of the inter relationships of economic social and political factors in the demographic processes in a Nigerian village is presented Part 3 examines development and fertility including intra rural migration This section notes that the decline of the fertility rate in Sri Lanka is not related to the country s economic development unlike in other countries such as Japan Taiwan and Singapore Part 4 addresses planning and fertility to disaggregate the available macro demographic data and analyze the rationale of the different fertility practices followed by various sections of the population The paper emphasizes that the communities social and self interests should be taken into account along with demographic factors to improve their members welfare Sociologists administrators and chiefs of social welfare organizations heads of health services local and government officials and volunteer health organizations will find this book highly valuable Children's Lifeworlds Olga Nieuwenhuys, 2005-06-22 Questions how class and kinship gender and household organization state ideology and education influence and conceal the lives of children in developing countries **Womens' Roles and Population Trends in the Third World** Richard Anker, Marya Buvinic, Nadia H. Youssef, 2012-07-26 First published in 1982 this collection was the result of an ambitious and wide ranging inter disciplinary research programme conducted by the International Labour Office ILO on the relationship between women s roles and demographic change with a view to influencing contemporary government and non government policy and future research in the field The ILO held an informal gathering of leading researchers in the fields of economics anthropology sociology and demography and this volume represents a unique and practically orientated collection offering valuable insights into contemporary perspectives on women s studies and population dynamics Fertility in Developing Countries Ghazi M. Farooq, George B. Simmons, 2016-02-02 Struggling with Destiny in Karimpur, 1925-1984 Susan S. Wadley, 2023-07-28 Susan Wadley first visited Karimpur the village behind mud walls made famous by William and Charlotte Wiser as a graduate student in 1967 She returned often adding her observations and experiences to the Wisers field notes from the 1920s and 1930s In this long awaited book Wadley gives us a work of unprecedented scope a portrait of an Indian village as it has changed over a sixty year period She hears of changes in agriculture labor relations education and the family But Karimpur s residents do not speak with one voice in describing the ways their lives have changed viewpoints vary considerably depending on the speaker s gender economic status and caste

Using cultural documents such as songs and stories as well as data on household budgets and farming practices Wadley examines what it means to be poor or rich female or male She demonstrates that the forms of subordination prescribed for women are paralleled by those prescribed for lower castes Villagers also speak of political struggles in India and of the importance of religion when confronting change Their stories songs and life histories reveal the rich fabric of Karimpur and show how much can be learned from listening to its people Susan Wadley first visited Karimpur the village behind mud walls made famous by William and Charlotte Wiser as a graduate student in 1967 She returned often adding her observations and experiences to the Wisers field notes from the 1920s and 1930s I

Child Labor in Sub-Saharan Africa Loretta Elizabeth Bass, 2004 Bass's comprehensive systematic study examines the complex factors framing child labor in Africa and offers a window on the lives of the child workers themselves

Population Geography Huw Roland Jones, 1990-12-15 Illustrated with a wide range of case studies drawn from all parts of the world POPULATION GEOGRAPHY clearly depicts the cause and effect links between demographic change and the socio economic transformation of societies Providing timely information in a clear and accessible style the text is an ideal classroom text for instructors who are introducing their students to the topic of population geography

Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70

Population and Development Geoffrey Hawthorn, 2013-02-01 First published in 1978 this book explores the vital global issue of high and low fertility in poorer countries through a series of case studies by contemporary experts in the fields of development and demography These studies examine such issues as the relations between fertility rates and income distributions in poor societies the question of whether or not neo classical macro economics are sufficient to understand and to try to engineer relations between economies and populations and the specifics of the relations between fertility and a variety of socio economic factors in both South Asia and West Africa The point of the collection is to explain how very far general models can be taken and to suggest that they cannot be taken as far as those who have tended to ignore the structural complexities of and differences between various societies have implied

Himalayan Households Thomas Earl Fricke, 1994 Available for the first time in English this is the definitive account of the practice of sexual slavery the Japanese military perpetrated during World War II by the researcher principally responsible for exposing the Japanese government's responsibility for these atrocities The large scale imprisonment and rape of thousands of women who were euphemistically called comfort women by the Japanese military first seized public attention in 1991 when three Korean women filed suit in a Toyko District Court stating that they had been forced into sexual servitude and demanding compensation Since then the comfort stations and their significance have been the subject of ongoing debate and intense activism in Japan much if it inspired by Yoshimi's investigations How large a role did the military and by extension the government play in setting up and administering these camps What type of compensation if any are the victimized women due These issues figure prominently in the current Japanese focus on public memory and arguments about the teaching and writing of history and are central to

efforts to transform Japanese ways of remembering the war Yoshimi Yoshiaki provides a wealth of documentation and testimony to prove the existence of some 2 000 centers where as many as 200 000 Korean Filipina Taiwanese Indonesian Burmese Dutch Australian and some Japanese women were restrained for months and forced to engage in sexual activity with Japanese military personnel Many of the women were teenagers some as young as fourteen To date the Japanese government has neither admitted responsibility for creating the comfort station system nor given compensation directly to former comfort women This English edition updates the Japanese edition originally published in 1995 and includes introductions by both the author and the translator placing the story in context for American readers
