(A ... facsimile.) Thomas Churchyard, 1578 A first sketch of English literature. With suppl. to the end of queen Victoria's reign Henry Morley, 1901 **The Portrayal of Life Stages in English Literature, 1500-1800** Jeanie Watson, Philip McM. Pittman, 1989 Covering the years 1500 to 1800 these essays which portray life stages in English literature include studies of Erasmus Fulke Greville Johnson and Thomas More They examine how the many ages of man are treated in the literature of this period A Manual of English Literature Henry Morley, 1879 *Publishing the History Play in the Time of Shakespeare* Amy Lidster, 2022-03-17 During the early modern period the publication process decisively shaped the history play and its reception Bringing together the methodologies of genre criticism and book history this study argues that stationers have through acts of selection and presentation constructed some remarkably influential expectations and ideas surrounding genre Amy Lidster boldly challenges the uncritical use of Shakespeare's Folio as a touchstone for the history play exposing the harmful ways in which this has solidified its parameters as a genre exclusively interested in the lives of English kings Reframing the Folio as a single example of participation in genre making this book illuminates the exciting and diverse range of historical pasts that were available to readers and audiences in the early modern period Lidster invites us to reappraise the connection between plays on stage and in print and to reposition playbooks within the historical culture and geopolitics of the book trade *The Life of Sir T. Gresham* Sir Thomas GRESHAM, 1845
