The Fathers Of The Desert:

The Desert Fathers Benedicta Ward, 2003-03-27 The Desert Fathers were the first Christian monks living in solitude in the deserts of Egypt Palestine and Syria In contrast to the formalised and official theology of the founding fathers of the church the Desert Fathers were ordinary Christians who chose to renounce the world and live lives of celibacy fasting vigil prayer and poverty in direct and simple response to the gospel Their sayings were first recorded in the 4th century and consist of spiritual advice anecdotes and parables The Desert Fathers teachings and lives have inspired poetry opera and art as well as providing spiritual nourishment and a template for monastic life **The Fathers of the Desert** Emily F.

Bowden, Aeterna Press, 1907 The lives of the Saints of the Desert have ever exercised a wonderful influence over the minds not only of Catholics but of all who call themselves Christians nor is it difficult to comprehend why it should be so now more than ever The age in which we live distinguishes itself above all others by a restless longing to realize the past Men are searching bog and marsh moor and river the wide expanse of downs the tops of mountains and the bottom of lakes to find out how our ancestors lived and to reproduce the men of the age of stone bronze or iron The same sort of yearning curiosity exercises itself on the early Christians If we had only Eusebius and Sozomen it would be utterly impossible to picture to ourselves what were our ancestors in Christ The Catacombs tell us much but they are comparatively dumb In the lives of the Desert saints we have a most strangely authentic insight into the very hearts and thoughts as well as the way of life of men and women who lived hundreds of years ago Aeterna Press **An Introduction to the Desert Fathers** Jason

Byassee, 2007-08-15 The desert fathers wanted to get away from a church co-opted by empire and a Christian faith grown cold and listless They retreated to the desert to do battle against demons and against their own worst desires They had no intention of being famous yet ironically their Sayings have inspired millions of imitators over the centuries This guide is meant to accompany a reading of the Sayings of the Desert Fathers in hopes that readers with lives quite different than those third and fourth century dwellers of the Egyptian desert might nevertheless come to imitate their lives of poverty chastity and obedience and more importantly that readers might grow more imaginative and passionate in their following of the same Lord **The Fathers of the Desert** Ida Hahn-Hahn (Gräfin), 1907 *The Fathers of the Desert* Henry Ruffner, 1850 **An**

Introduction to the Desert Fathers John Wortley, 2019-06-06 An accessible guide to the lives and teaching of the earliest Christian monks largely using their own words [More Sayings of the Desert Fathers](#), 2019-03-28 Most of the Tales and Sayings of the Desert Fathers Apophthegms have survived in Greek and most of them are now available in English almost 2500 in number A further six hundred items in six languages have been available in French for some time but often in second and even third hand translations These have now been newly translated directly from the original languages by scholars skilled in those languages and are presented alongside an Introduction and brief notes to the English reader who wishes to know more of those men and some women who rejected the world and went to live in the desert regions of Egypt and

elsewhere in the fourth to seventh centuries *Discernment in the Desert Fathers* Antony D. Rich, 2007-04-01 Discernment in the Desert Fathers is a study of discernment Diakrisis in the life and thought of the fourth and fifth century Egyptian Desert Fathers Rich argues that their understanding of Diakrisis was based upon a practical application of biblical Diakrisis in general and not as has been argued primarily a development of the gift of discernment of spirits He begins with an examination of Scripture and goes on to consider the philosophical and theological background of the period as represented by Plotinus and Origen respectively An examination of the works of the first theologians of the desert Evagrius and Cassian who lived among these first Christian monks and nuns provides an early interpretation of the sayings of the Desert Fathers or Apophthegmata Patrum The Greek Latin and Coptic sayings that survive are then examined in detail some of them translated into English for the first time This indepth analysis including the comprehensive list of cross references which will be a valuable resource for scholars researching the subject in the future provides many insights into the lives of these early Christians and demonstrates how Diakrisis touched every aspect of their inward and outward lives Rich concludes that Diakrisis was a critical faculty and charism central to the spiritual and practical life of these early monks and nuns in their mystical search for God for purity of life and knowledge of him **The Monastic Life from the Fathers of the Desert to Charlemagne** Thomas William Allies, 1896 The Fathers of the Desert, Or an Account of the Origin and Practice of Monkery Among Heathen Nations ... Henry Ruffner, 1850
