The Federalist The Gideon Edition:

The Federalist Alexander Hamilton, James Madison, John Jay, 1864 **The Federalist** James Madison, John Jay, 1888

The Federalist Lodge, 1888 *Rule of Law and Fundamental Rights* Alfredo Narváez Medécigo, 2015-11-07 This book which originated from the broadly held view that there is a lack of Rule of law in Mexico and from the emphasis of traditional academia on cultural elements as the main explanation explores the question of whether there is any relationship between the system of constitutional review and thus the law as such and the level of Rule of law in a given state To do so it elaborates a theoretical model for achieving Rule of law and compares it to the constitutional review systems of the United States the Federal Republic of Germany and Mexico The study concludes that the two former states correspond to the model while the latter does not This is fundamentally due to the role each legal system assigns to ordinary jurisdiction in carrying out constitutional review Whereas the US and Germany have fostered the policy that constitutional review regarding the enforcement of basic rights is the responsibility of ordinary courts Mexico has relied too heavily on the specialized constitutional jurisdiction *The Cloaking of Power* Paul O. Carrese, 2010-02-15 How did the US judiciary become so

powerful powerful enough that state and federal judges once vied to decide a presidential election What does this prominence mean for the law constitutionalism and liberal democracy In *The Cloaking of Power* Paul O Carrese provides a provocative analysis of the intellectual sources of today s powerful judiciary arguing that Montesquieu in his *Spirit of the Laws* first articulated a new conception of the separation of powers and strong but subtle courts Montesquieu instructed statesmen to cloak power by placing judges at the center of politics while concealing them behind juries and subtle reforms Tracing this conception through Blackstone Hamilton and Tocqueville Carrese shows how it led to the prominence of judges courts and lawyers in America today But he places the blame for contemporary judicial activism squarely at the feet of Oliver Wendell Holmes Jr and his jurisprudential revolution which he believes to be the source of the now prevalent view that judging is merely political To address this crisis Carrese argues for a rediscovery of an independent judiciary one that blends prudence and natural law with common law and that observes the moderate jurisprudence of Montesquieu and Blackstone balancing abstract principles with realistic views of human nature and institutions He also advocates for a return to the complex constitutionalism of the American founders and Tocqueville and for judges who understand their responsibility to elevate citizens above individualism instructing them in law and right

The Federalist, a Commentary on the Constitution of the United States James Madison, John Jay, 1902 **The Federalist: a Collection of Essays Written in Favor of the New Constitution as Agreed Upon by the Federal Convention, September 17, 1787**, 1864 *The Historical Mind* Justin D. Garrison, Ryan R. Holston, 2020-05-01 America is increasingly defined not only by routine disregard for its fundamental laws but also by the decadent character of its political leaders and citizens widespread consumerism and self indulgent behavior cultural hedonism and anarchy the coarsening of moral and political discourse and a reckless

interventionism in international relations In *The Historical Mind* various scholars argue that America's problems are rooted in its people's refusal to heed the lessons of historical experience and to adopt constitutional checks or self-imposed restraints on their cultural, moral, and political lives Drawing inspiration from the humanism of Irving Babbitt and Claes G Ryn the contributors offer a timely and provocative assessment of the American present and contend that only a humanistic order guided by the wisdom of historical consciousness has genuine promise for facilitating fresh thinking about the renewal of American culture, morality, and politics
