of psychiatrist William Sadler The Urantia Book is the largest and most sophisticated work of New Age literature ever produced Well known skeptic and acclaimed popular science writer Martin Gardner presents a complete history of the Urantia movement from its beginnings in the early 20th century to the present day *The Teaching Mission* Jim Cleveland,2015-01-26 A PLANET UNDER ADJUDICATION Lucifer s rebellion against God is over in the Heavens Our world is being adjudicated and cleansed in an interplanetary Correcting Time New spiritual energy circuits are active and available Waves of Celestial Teachers are re connecting ascending mortals to the Divine Plan of Universe Education Events are aligning themselves now that will change your world Its destiny is unfolding in perfect order Evolutions in concept and spirit unfoldment are taking place at unheard of rates and we are here to steady you in this time of emergence to prepare you to protect you to urge you onward We are not interested in your mental constructs we are interested in opening your hearts to love in quickening your desire to serve Truth is living and altogether too fluid and immediate to be captured and contained in your word forms Therefore we ask you to judge not with your intellect but with your heart for there is the dwelling of the Spirit of Truth Emmanuel a personal guide Pittsburgh PA The entire ascendant plan of mortal progression is characterized by the practice of giving out to other beings new truth and experience just as soon as acquired You work your way through the long school of Paradise attainment by serving as teachers to those pupils just behind you in the scale of progression The Urantia Book page 339 A THRESHOLD TO ENLIGHTENMENT The first step for each of you is to calm your mind The next step is to allow that calmness to be a part of your life This is an important part of the mission to teach of achieving greatness through quiet communion with the Indwelling Spirit Come to the garden and greet the stillness The mind longs for quiet conversation with spirit Here you can drink the quiet and fill your heart with the beauty of the moment Jared Santa Rosa CA You must understand that great and profound changes take place not on grand scales but in subtle and small moments in individual lives of people JarEl Arcadia CA **Consider What the Angels Say** George DeVangelos,2016-08-31 Our world now and throughout history has had conflicting accounts of the nature of God and man s relationship to this cosmic deity These conflicts have wrecked havoc within the societies of humanity to dangerous levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more

exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man s religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit form its supernatural information
