The Fire Inside Firefighters Lives In Their Own Words:

The Fire Inside Steve Delsohn, 2010-10-26 In the tradition of Mark Baker's Cops more than 100 top firefighters describe the highs and lows of the world's most dangerous profession Fascinating and packed with emotion The Fire Inside is a unique look at the unseen world of firefighters who risk their lives for strangers every day In their own words these male and female heroes vividly describe how they cope with scorching flame injuries earthquakes hazardous waste and wildfire and the rewards that keep them climbing back on the fire truck

Firefighters Dennis Smith, 2010-07-07 An unforgettable journey through the daily lives of the brave men and women who have made saving lives their profession Dennis Smith author of Report from Engine Co 82 traveled across the country talking to dozens of America's firefighters to put together this powerful collection of their own descriptions of their most dramatic and intense experiences on the job Their stories compiled here are timeless testimonies to the human capacity for heroism and nobility Focusing on the most courageous firefighters from those who have been decorated for heroism to those who have been seriously injured Firefighters presents the extraordinarily rich and rugged voices of men and women who fight urban building fires who battle sweeping forest fires who perform emergency rescues and who face extreme danger and risk as part of their everyday lives Sometimes brave sometimes funny sometimes bittersweet or filled with anger these voices combine to make Firefighters both a riveting adventure drama and a moving chronicle of American heroism at its finest

The Guys Anne Nelson, 2008-11-12 First performed in a hit off Broadway production and soon to be a film starring Sigourney Weaver and Anthony LaPaglia The Guys is a timeless drama about the surprising truths people can discover in ordinary lives and the connections we make with others and ourselves in times of tragedy Paralyzed by grief and unable to put his thoughts into words Nick a fire captain seeks out the help of a writer to compose eulogies for the colleagues and friends he lost in the catastrophic events of September 11 2001 As Joan an editor by trade draws Nick out about the guys powerful profiles emerge revealing vivid personalities and the substance and meaning that lie beneath the surface of seemingly unremarkable people As the individual talents and enthusiasms of the people within the small firehouse community are realized we come to understand the uniqueness and value of what each person has to contribute And Nick and Joan two people who under normal circumstances never would have met jump the well defined tracks of their own lives and so learn about themselves about life and about the healing power of human connection through talking about the guys
