World Monitor ,1990-07 **An Accidental Journalist** Cheryl Heckler, 2007 When an idealistic American named Edmund Stevens arrived in Moscow in 1934 his only goal was to do his part for the advancement of international Communism His job writing propaganda led to a reporting career and an eventual Pulitzer Prize in 1950 for his uncensored descriptions of Stalin s purges This book tells how Stevens became an accidental journalist and the dean of the Moscow press corps The longest serving American born correspondent working from within the Soviet Union Stevens was passionate about influencing the way his stateside readers thought about Russia s citizens government and social policy Cheryl Heckler now traces a career that spanned half a century and four continents focusing on Stevens s professional work and life from 1934 to 1945 to tell how he set the standards for reporting on Soviet affairs for the Christian Science Monitor Stevens was a keen observer and thoughtful commentator and his analytical mind was just what the Monitor was looking for in a foreign correspondent He began his journalism career reporting on the Russo Finnish War in 1939 and was the Monitor s first man

in the field to cover fighting in World War II He reported on the Italian invasion of Greece participated in Churchill's Moscow meeting with Stalin as a staff translator and distinguished himself as a correspondent with the British army in North Africa Drawing on Stevens's memoirs to which she had exclusive access as well as his articles and correspondence and the unpublished memoirs of his wife Nina Heckler traces his growth as a frontline correspondent and interpreter of Russian culture She paints a picture of a man hardened by experience who witnessed the brutal crushing of the Iron Guard in 1941 Bucharest and the Kharkov hangings yet who was a failure on his own home front and who left his wife during a difficult pregnancy in order to return to the war zone Heckler places his memoirs and dispatches within the larger context of events to shed new light on both the public and the private Stevens portraying a reporter adapting to new roles and circumstances with a skill that journalists today could well emulate By exposing the many facets of Stevens's life and experience Heckler gives readers a clear understanding of how this accidental journalist was destined to distinguish himself as a war reporter analyst and cultural interpreter *An Accidental Journalist* is an important contribution to the history of war reporting and international journalism introducing readers to a man whose inside knowledge of Stalinist Russia was beyond compare as it provides new insight into the Soviet era Encyclopedia of Media and Politics Todd Schaefer, Thomas Birkland, 2007

Explores the intersection of media and politics from larger themes such as the role of media in civil democratic society to more specific topics such as media ownership and regulation **A History of Redgranite-Lohrville and Its High School, 1911-1948: The good years, 1911-1929** Howard V.
