Out of the Flames is an extraordinary story providing testament to the power of ideas the enduring legacy of books and the triumph of individual courage Out of the Flames tracks the history of The Christianismi Restituto examining Michael Servetus s life and times and the politics of the first information during the sixteenth century The Christianismi Restituto a heretical work of biblical scholarship written in 1553 aimed to refute the orthodox Christianity that Michael Servetus old colleague John Calvin supported After the book spread through the ranks of Protestant hierarchy Servetus was tried and agonizingly burned at the stake the last known copy of the Restitutio chained to his leg Servetus s execution marked a turning point in the quest for freedom of expression due largely to the development of the printing press and the proliferation of books in Renaissance Europe Three copies of the Restitutio managed to survive the burning despite every effort on the part of his enemies to destroy them As a result the book became almost a surrogate for its author going into hiding and relying on covert distribution until it could be read freely centuries later Lawrence and Nancy Goldstone follow the clandestine journey of the three copies through the subsequent centuries and explore its author s legacy and influence over the thinkers that shared his spirit and genius such as Leibniz Voltaire Rousseau Jefferson Clarence Dorrow and William Osler
