Ricardo Barreiro, Francisco Solano López, 1979 Science Fiction in Argentina Joanna Page, 2016-04-05 It has become something of a critical commonplace to claim that science fiction does not actually exist in Argentina This book puts that claim to rest by identifying and analyzing a rich body of work that fits squarely in the genre Joanna Page explores a range of texts stretching from 1875 to the present day and across a variety of media literature cinema theatre and comics and studies the particular inflection many common discourses of science fiction e g abuse of technology by authoritarian regimes apocalyptic visions of environmental catastrophe receive in the Argentine context A central aim is to historicize these texts showing how they register and rework the contexts of their production particularly the hallmarks of modernity as a social and cultural force in Argentina Another aim held in tension with the first is to respond to an important critique of historicism that unfolds in these texts They frequently unpick the chronology of modernity challenging the linear universalizing models of development that underpin historicist accounts They therefore demand a more nuanced set of readings that work to supplement revise and enrich the historicist perspective **The ^AReal Las Vegas** David Littlejohn, 1999-10-28 What images come to mind when you think of Las Vegas Mobsters and showgirls magicians and tigers multimillion dollar poker games and prizefights towering signboards that light up the night in front of ever more spectacular casino hotels But real people live here too over a million today two million tomorrow Greater Las Vegas has long been the fastest growing metropolitan area in America And almost every aspect of its citizens lives is influenced by the almighty power of the gambling industry A team of fifteen reporters led by David Littlejohn together with prize winning photo journalist Eric Gran studied the real Las Vegas the city beyond the Strip and Downtown for the better part of a year They talked to teenagers

whose suicide and dropout rates frighten parents senior citizens many of whom spend their days playing bingo and the slots Mexican immigrants who build the new houses and clean the hotels homeless people and angry blacks as well as local police active Christians city officials and prostitutes They looked into the local churches the powerful labor unions pawn shops the real estate boom defiant ranchers to the north and dire predictions that the city is about to run out of water Proud Las Vegas claim that theirs is just a friendly southwestern boomtown the finest community I have ever lived in says Bishop Daniel Walsh who comes from San Francisco But their picture of Las Vegas as a vibrant civic minded metropolis conflicts with evidence of transiency rootlessness political impotence and social dysfunction In this close up investigation of the real lives being led in America s most tourist jammed gambling driven city readers will discover a Las Vegas very different from the one they may have seen or imagined
