**Small Group Decision Making: Communication and the Group Process** B. Aubrey Fisher, 1974      Communication and Group Decision Making Randy Y. Hirokawa, Marshall Scott Poole, 1996-07-09 The long awaited second edition of Communication and Group Decision Making advances a unique perspective on group decisionmaking complementing approaches taken in management psychology and sociology Group communication processes are extremely important yet they have proven to be elusive and difficult to understand and the type of theory necessary to make sense of the processes differs from those commonly found in the social sciences This exceptional book gathers together and discusses a number of strong theoretical frameworks that have developed over the past 15 years Providing important empirical evidence the authors take stock of recent developments in group communication research The essays are distinctive both in their explicit focus on communication processes and in their location in a unique intellectual tradition      *The Fundamentals of Small Group Communication* Scott A. Myers, Carolyn M. Anderson, 2008-01-17 From the Publisher With a focus on the individual group member The Fundamentals of Small Group Communication encourages readers to reflect on how their communication behaviors and practices contribute to their current small group experiences In this easy to read text authors Scott A Myers and Carolyn M Anderson introduce students to the fundamental issues faced by all small groups such as socialization development ethics and diversity and the procedures utilized by effective small groups The book is organized around three overarching themes characteristics of small group communication and the individual group member the group task and group member relationships Each chapter opens with a case study and includes an Ethically Speaking box that allows readers to reflect on how ethics is central to the small group communication process It is intended for undergraduate courses that introduce students to the basic fundamentals of small group communication      *Creating Communication* Randy Fujishin, 2000 Tailored for the hybrid fundamental and introduction courses in speech communications Creating Communication is a brief practical and student friendly introduction to the discipline with a unique theme Students are artists using their words and behaviors to create something new and exciting in their lives and in the lives of others Designed for skills based courses Creating Communication provides students with the basic communication skills necessary to improve their public speaking group interpersonal intercultural leadership and interviewing communication The book helps students develop a greater understanding of the importance of communication skills and motivates them to learn more about communication studies Thorough yet concise Creating Communication covers a full range of topics in a clear organized and engaging way In his distinctive conversational tone Fujishin encourages students to implement powerful changes in the way they communicate with others empowering them to create more productive and meaningful lives as artists of communication
