Song Of The Outriggers:

Song of the Outriggers Ralph R. Whitaker, 1968 *China as a Sea Power, 1127-1368* Lo Jung-pang, 2013-07-15 Lo Jung pang argues that during each of the three periods when imperial China embarked on maritime enterprises the Qin and Han dynasties the Sui and early Tang dynasties and Song Yuan and early Ming dynasties coastal states took the initiative at a time when China was divided maritime trade and exploration subsequently peaked when China was strong and unified and declined as Chinese power weakened At such times China's people became absorbed by internal affairs and state policy focused on threats from the north and the west These cycles of maritime activity each lasting roughly five hundred years corresponded with cycles of cohesion and division strength and weakness prosperity and impoverishment expansion and contraction In the early 21st century a strong and outward looking China is again building up its navy and seeking maritime dominance with important implications for trade diplomacy and naval affairs Events will not necessarily follow the same course as in the past but Lo Jung pang's analysis suggests useful questions for the study of events as they unfold and decades to come

Lords of the Pacific Grant Hyde, 2009-06-01 The year is 1793 and having suffered at the hands of Tonga's evil King Tui puloto for too long the Island Nations of the South Pacific are poised on the brink of civil war When two heroic young warriors Sevesi and Hiki dare to challenge the King's absolute power they incur his wrath and only narrowly escape with their lives The pair flee north seeking sanctuary with the rebel tribes of Haapai But instead of finding a safe haven they are accused of being spies Meanwhile as the British and French continue their relentless quest to colonise the South Pacific one of their ships is hijacked and strays off course inadvertently dragging both Empires into the greatest tribal war the Pacific has ever known As cultures collide blood is shed wrongs are righted and unlikely friendships are forged Yet again the British and French sorely underestimate the volatility and strength of their foes and the question remains who will emerge as Lords of the Pacific *Lords of the Pacific* is an unforgettable tale of love revenge and war set in the one of the world's last great frontiers

A Global History of Pre-Modern Warfare Kaushik Roy, 2021-09-14 This book examines the military histories of the regions beyond Western Europe in the pre modern era Existing works on global military history mainly focus on the western part of Eurasia after 1500 CE As regards the ancient period such works concentrate exclusively on Greece and Rome So global military history is actually the triumphal story of the West from Classical Greece onwards This volume focuses not only on the eastern part of Eurasia but also on South America Africa and Australasia and seeks to explain the history and varied trajectories of warfare in non Western regions in the pre modern era Further it evaluates whether warfare in non Western regions should be considered primitive or inferior when compared with Western warfare The book notes that Western Europe became militarily significant only in the early modern era and argues that the military divergence that occurred during the early modern era is not unique it had also occurred in the Bronze Age the Classical era and in the medieval period This was due to the dynamism and innovativeness of non Western militaries and the interconnectedness that

existed in parts of the Eurasian landmass Further those polities which were able to construct a balanced military force by synthesising diverse elements were not only able to survive but also became capable of projecting power across continents This book will be of much interest to students of military history strategic studies and world history **Weavers of Song** Mervyn McLean,1999 This work is a study of Polynesian music illustrated by music examples and photographs Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 *Books in Print* ,1982 *Pastimes and Politics* Laura Fair,2001-10-01 The first decades of the twentieth century were years of dramatic change in Zanzibar a time when the social economic and political lives of island residents were in incredible flux framed by the abolition of slavery the introduction of colonialism and a tide of urban migration Pastimes and Politics explores the era from the perspective of the urban poor highlighting the numerous and varied ways that recently freed slaves and other immigrants to town struggled to improve their individual and collective lives and to create a sense of community within this new environment In this study Laura Fair explores a range of cultural and social practices that gave expression to slaves ideas of emancipation as well as how such ideas and practices were gendered Pastimes and Politics examines the ways in which various cultural practices including taarab music dress football ethnicity and sexuality changed during the early twentieth century in relation to islanders changing social and political identities Professor Fair argues that cultural changes were not merely reflections of social and political transformations Rather leisure and popular culture were critical practices through which the colonized and former slaves transformed themselves and the society in which they lived Methodologically innovative and clearly written Pastimes and Politics is accessible to specialists and general readers alike It is a book that should find wide use in courses on African history urbanization popular culture gender studies or emancipation **Angling Books of the Americas** Henry P. Bruns,1975 The Music Child & the Mahjong Queen Alfred A. Yuson,2017-11-22 An earlier manuscript titled The Music Child was shortlisted for the Man Asia Literary Prize in 2008 Alfred A Yuson s previous novels are Great Philippine Jungle Energy Cafe and Voyeurs Savages Again this third novel explores the marvels skirting the boundaries of realism or goes much farther beyond after establishing adequate suspension of disbelief Genres are blurred in the crafting of long fiction that is both poetry and prophecy This the author does with visionary whimsy In this narrative the central protagonist s wondrous voice is stilled time and again by the deaths of his loved ones Bereft of song the boy finally learns to speak then learns to turn the words of others into music on paper The processes of mimicry and extrapolation result in an extended poetic suite that invents legends as well as a mythical conflict involving the imperialism of languages The music child s extraordinary talents are matched by those of the young mahjong queen who can t be beaten in the game since the angels of her youth speak through her fingers Around them foreign friends and relations representing former colonizers provide a framework of discovery while themselves dancing to the historic chorus of destiny in the magical East The music child and the mahjong queen endear themselves to one another through the palpable vocabulary of flowers *Yachting*
