The Oxford Handbook of Asian Philosophies in Music Education C. Victor Fung, Leonard Tan, 2024-07-30 This volume focuses on the collective wisdom of Asian philosophies and their implications for music education. All twenty chapters are written by highly regarded philosophers and music educators steeped in various Asian traditions. These chapters will include an explanation of a prominent philosophical tradition, evidence in a contemporary music teaching and learning settings, including its inception and historical development, along with an explanation of how the philosophical tradition works in contemporary music education and suggestions for potential directions in the near and distant future. The book is organized into five sections. Section I is based on Chinese philosophical traditions, which have the longest history and are some of the most influential across Asia and beyond. Chapters in Section II present a snapshot of Japanese and Korean views, beginning with the musical practices in the Joseon Period (1392–1910) that are still being practiced in South Korea today, to Western influences in 19th-century Japan. A collection of philosophical traditions from South and Southeast Asia are contained in Section III, ranging from the insights of King Bhumibol Adulyadej (King Rama IX) of Thailand, an accomplished jazz musician, to the Balinese notion of *taksu*, a form of supreme energy and divine power crucial for compelling performances in the performing arts. We venture into the Islamic and the Middle Eastern world in Section IV, where the dance practices of the Hadhrami Arabs in the Malay Archipelago, to traditional *sharrah* music, are contextualized within Islamic philosophy. This section also describes the philosophical ideas of the 12th-century Persian philosopher and founder of the Illuminationist (Ishraq) philosophy, Shihab al-Din al-Suhrawardi, arguing that his ideas have much to recommend music education, as this approach requires students to listen in deeper ways, absorb more abundantly, and move beyond arts education to encompass the education of the whole person. Section V concludes with a metaphorical view on a New Silk Road in music education in the 21st century, where ideas are traded for mutual benefit and the development of multicultural philosophies of music education. While there are numerous publications on the philosophy of music education rooted in the Western philosophical traditions of ancient Greece, the Asian philosophical voice is virtually silent outside of Asia, and this volume aims to begin the long process of redressing this imbalance. This volume will open readers to the richness of Asian philosophical sources and hopefully stimulate dialogues that could generate new insights and directions for further development, cross-pollination, and application of some of the world's earliest philosophical traditions.

Getting off the Fence Post William P. Nelson, 2022-04-27 God has acted and Jesus has acted, but what are we doing? Jesus wants us to act. That is one of the insights in this book of devotions that William P. Buddy Nelson wrote during the COVID-19 pandemic as a

way to stay in touch with his faith and to reimagine the future of the church While writing he discovered that when living through a pandemic or a crisis of any kind God is there to provide a refreshed understanding of His revelation In fact God's message is exactly what we all need to hear in times of personal or professional crisis While these devotions highlight numerous topics and challenges the overarching theme focuses on how everyday events can help us understand God's Word In doing so we can learn how to face and overcome challenges with faith rather than fear Remember when the world is at its darkest place God challenges his children to shine the brightest Wounds to Scars Maureen Ann Morrison,2025-07-20 Maureen has intricately interlaced together threads of deep wounds spiritual healing and the power of intensive prayer to create a beautiful tapestry This book is colored with personal experiences and designed to help others heal from their wounds She shares the tailoring of her testimony introduction to a variety of prayer techniques and expresses how God wove her early experiences together for good He went to the depths of the earth to renew her innermost being through grace answers to prayer and supernatural healing She spotlights how He continued to pursue her until she was ready to completely and eternally submit and begin a life of ministry with the intention of helping others do the same **Songs of the Loire and Other Poems. Second Edition** LOIRE.,1834 *The Other Side of Joy* April Joy Bowden,2012-05-17 The Other Side of Joy is a collection of poems that deal with the emotions and passionate moments we experience in relationships joy pain intimacy and ecstasy You will find rules for dealing with each emotion Each poem will allow you to laugh cry feel or wonder just how one can live with or without joy in their life Do you remember your first kiss Your first love A special place that always makes you feel good Can you recall having your heart broken Or how you felt when you had to tell someone goodbye Take this journey to reminisce on past or current relationships through poetry *Putting Joy Into Practice* Phoebe Farag Mikhail,2019-04-01 Putting Joy into Practice Seven Ways to Lift Your Spirit from the Early Church is an invitation to a life of joy Phoebe Farag Mikhail explains what joy is and how to experience it through seven spiritual practices that cultivate our inner lives and connect us to our communities These seven practices which include giving thanks hospitality praise and more take us on a journey that leads to joy through the giving and receiving of sacrificial love She describes her own experiences and struggles with joy and offers practical ways to implement these practices to increase joy in our own lives and in the lives of all those around us *Fiddling Is My Joy* Jacqueline Cogdell DjeDje,2025-06-18 In Fiddling Is My Joy Jacqueline Cogdell DjeDje examines the history of fiddling among African Americans from the seventeenth to the mid twentieth century Although music historians acknowledge a prominent African American fiddle tradition during the era of slavery only recently have researchers begun to closely examine the history and social implications of these musical practices Research on African music reveals a highly developed tradition in West Africa which dates to the eleventh or twelfth century and continues today From these West African roots fiddling was prominent in many African American communities between the seventeenth and nineteenth centuries and the fiddle became an important instrument in early twentieth century blues jazz and jug bands

While less common in late twentieth century African American jazz and popular music groups the fiddle remained integral to the musicking of some Black musicians in the rural South Featured in *Fiddling Is My Joy* is access to a comprehensive online eScholarship Companion that contains maps photographs audiovisual examples and other materials to expand the work of this enlightening and significant study To understand the immense history of fiddling DjeDje uses geography to weave together a common thread by profiling the lives and contributions of Black fiddlers in various parts of the rural South and Midwest including the mountains and along the Atlantic and Gulf coasts In addition to exploring the extent that musical characteristics and aesthetics identified with African and European cultures were maintained or reinterpreted in Black fiddling she also investigates how the sharing of musical ideas between Black and white fiddlers affected the development of both traditions Most importantly she considers the contradiction in representation Historical evidence suggests that the fiddle may be one of the oldest uninterrupted instrumental traditions in African American culture yet most people in the United States including African Americans do not identify it with Black music

Cries of Joy, Songs of Sorrow Marc L. Moskowitz, 2009-11-24 Since the mid 1990s Taiwan's unique brand of Mandopop Mandarin Chinese language pop music has dictated the musical tastes of the mainland and the rest of Chinese speaking Asia *Cries of Joy Songs of Sorrow* explores Mandopop's surprisingly complex cultural implications in Taiwan and the PRC where it has established new gender roles created a vocabulary to express individualism and introduced transnational culture to a country that had closed its doors to the world for twenty years In his early chapters Marc L Moskowitz provides the historical background necessary to understand the contemporary Mandopop scene beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai A brief overview of alternative musical genres in the PRC such as Beijing rock and revolutionary opera is included The section concludes with a look at the manner in which Taiwan's musical ethos has influenced the mainland's music industry and how Mandopop has brought Western music and cultural values to the PRC This leads to a discussion of Taiwan pop's exceptional hybridity beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country's political cultural and economic alliance with the U S Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U S and Taiwan pop's appeal to audiences in both the PRC and Taiwan In doing so he explores how Mandopop's songs of sorrow with their ubiquitous themes of loneliness and isolation engage a range of emotional expression that resonates strongly in the PRC Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics Drawing on analyses and data from earlier chapters including interviews with dozens of performers song writers and lay people in Taipei and Shanghai Moskowitz attempts to answer the question Why if the music is as bad as some assert is it so central to the lives of the largest population in the world To answer he highlights Mandopop's important contribution as a poetic lament that simultaneously embraces and protests modern life *Cries of Joy Songs of*

Sorrow is a highly readable introduction to an important but understudied East Asian phenomenon It will find a ready audience among scholars and students of Chinese and Taiwanese popular culture as well as musicologists studying transnational music flows and non Western popular music
