Significant Others: Creativity & Intimate Partnership Whitney Chadwick,2018-04-17 Biographies of artists and writers have traditionally presented an individual s lone struggle for self expression In this book critics and historians challenge these assumptions in a series of essays that focus on artist and writer couples who have shared sexual and artistic bonds Featuring duos such as Auguste Rodin and Camille Claudel Sonia and Robert Delaunay Vanessa Bell and Duncan Grant and Jasper Johns and Robert Ruaschenberg this book combines biography with evaluation of each partner s work in the context of the relationship *The Women of 'Little Paris'* Sonia-Doris Andras,2024-11-14 Filling a gap in Eastern European fashion studies this book presents middle class women consuming fashion in the symbolic Little Paris of interwar Bucharest and examines how their material and cultural means supported the city s modernisation Combining archival research with personal archaeology this interdisciplinary work explores Romania s reinvention as a modern state focusing on middle class

women as they lived their lives walking through the streets at lavish events at cafes and clubs shopping and working

Analysing largely unseen unused written and visual texts *The Women of Little Paris* encourages exploration of new avenues for research uniting scholars of Romanian culture history and fashion and guiding readers through a forgotten little explored world and in so doing adds to our understanding and knowledge of the global image of interwar fashion cultures and the emerging field of Romanian fashion studies

Le Tumulte Noir Jody Blake, 1999-01-01 Jody Blake demonstrates in this book that although the impact of African American music and dance in France was constant from 1900 to 1930 it was not unchanging This was due in part to the stylistic development and diversity of African American music and dance from the prewar cakewalk and ragtime to the postwar Charleston and jazz Successive groups of modernists beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s constructed different versions of *la musique* and *la danse negre* Manifested in creative and critical works these responses to African American music and dance reflected the modernists varying artistic agendas and historical climates

Modernism on Stage Juliet Bellow, 2017-07-05 *Modernism on Stage* restores Serge Diaghilev's Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres dance music and painting in a mixed media form inspired by Richard Wagner's Gesamtkunstwerk total work of art This interdisciplinary study combines a broad history of Diaghilev's troupe with close readings of four ballets designed by canonical modernist artists Pablo Picasso Sonia Delaunay Henri Matisse and Giorgio de Chirico Experimental both in concept and form these productions redefine our understanding of the interconnected worlds of the visual and performing arts elite culture and mass entertainment in Paris between the two world wars This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal three dimensional and corporeal medium of ballet Analyzing interactions among sets costumes choreography and musical accompaniment the book establishes what the Ballets Russes productions looked like and how audiences reacted to them Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists' interrogation of the limits of medium

A Life of Picasso Volume II John Richardson, 2011-09-30 John Richardson draws on the same combination of lively writing critical astuteness exhaustive research and personal experience which made a bestseller out of the first volume and vividly recreates the artist's life and work during the crucial decade of 1907-17 a period during which Pablo Picasso and Georges Braque invented Cubism and to that extent engendered modernism Richardson has had unique access to untapped sources and unpublished material By harnessing biography to art history he has managed to crack the code of cubism more successfully than any of his

predecessors And by bringing a fresh light to bear on the artist's often too sensationalised private life he has succeeded in coming up with a totally new view of this paradoxical man of his paradoxical work Never before has Picasso's prodigious technique his incisive vision and not least his sardonic humour been analysed with such clarity *A Life of Picasso II: The Cubist Rebel* John Richardson, 2007-10-16 In the second volume of his *Life of Picasso* Richardson reveals the young Picasso in the Baudelairean role of the painter of modern life Never before have Picasso's revolutionary vision technical versatility prodigious achievements and not least his sardonic humor been analyzed with such clarity Hence his great breakthrough painting *Les Femmes d'Alger* (O.J.) with which this book opens As well as portraying Picasso as a revolutionary Richardson analyzes the more compassionate side of his genius The misogynist of posthumous legend turns out to have been surprisingly vulnerable more often sinned against than sinning Heartbroken at the death of his mistress Eva Picasso tried desperately to find a wife Richardson recounts the untold story of how his two great loves of 1915-17 successively turned him down These disappointments as well as his horror at the outbreak of World War I and the wounds it inflicted on his closest friends Braque and Apollinaire shadowed his painting and drove him off to work for the Ballets Russes in Rome and Naples back to the ancient world In this volume we see the artist's life and work during the crucial decade of 1907-17 a period during which Picasso and Georges Braque devised what has come to be known as cubism and in doing so engendered modernism Thanks to the author's friendship with Picasso and some of the women in his life as well as Braque and their dealer D.H. Kahnweiler and other associates he has had access to untapped sources and unpublished material In *The Cubist Rebel* Richardson also introduces us to key figures in Picasso's life who have been totally overlooked by previous biographers Among these are the artist's Chilean patron collector and mother figure Eugenia Errázuriz as well as two fiancées the loveable Geneviève Laporte and the promiscuous bisexual painter Irène Lagout By harnessing biography to art history he has managed to crack the code of cubism more successfully than any of his predecessors And by bringing fresh light to bear on the artist's private life he has succeeded in coming up with a new view of this paradoxical man and of his paradoxical work Never before have Picasso's revolutionary vision technical versatility prodigious achievements and not least his sardonic humor been analyzed with such clarity

A Day with Picasso Billy Kluver, 1999-02-18 In 1978 while collecting documentary photographs of the artists community in Montparnasse from the first decades of the century Billy Kl ver discovered that some previously unassociated photographs fell into significant groupings One group in particular showing Picasso Max Jacob Mo se Kisling Modigliani and others at the Caf de la Rotonde and on Boulevard du Montparnasse all seemed to have been taken on the same day The people were wearing the same clothes in each shot and had the same accessories Their ties were knotted the same way and their collars had the same wrinkles A total of twenty four photographs four rolls of film with six photographs each were eventually found With the challenge of identifying the date photographer and circumstances Kl ver embarked on an inquiry that would illuminate the minute texture of that time and place Biographical research into the subjects lives led Kl ver to focus on the summer of 1916 as the likely time the photos were taken He then measured buildings and plotted angles and lengths of shadows in the photographs to narrow the time frame to a spread of three weeks Further investigation eventually allowed Kl ver to identify

the photographer as Jean Cocteau and to determine the day that Cocteau had taken the photographs August 12 1916 A computer printout of the sun's positions on that date obtained from the Bureau des Longitudes together with the length of the shadows enabled Klver to calculate the time of day of each photograph and thus to put them in proper sequence In a tour de force of art historical research Klver then reconstructed a scenario of the events of the four hours depicted in the photographs With evocative attention to detail noting when Picasso is no longer carrying an envelope or Max Jacob has acquired a decoration in his lapel Klver recreates a single afternoon in the lives of Picasso and friends a group of remarkable people in early twentieth century Paris Besides the central portfolio of photographs by Cocteau the book contains additional photographs and drawings short biographies of all the subjects and a historical section on the events and activities in the Paris art world at the time
