Identify old family wounds, communicate with your ancestral guides, heal your lineage and achieve wellbeing for yourself and loved ones. To understand who we are, we must know where and who we come from. Discover powerful practices to honour and heal your family lineage. Ancestral healing is the process of revealing and releasing inherited wounds and traumas that have been passed down by our ancestors. Anyone researching their heritage will uncover both positive and negative issues that pass through the bloodlines from one generation to the next. Once we understand the effects our family has had on our wellbeing, we can find ways to heal their influences and celebrate their legacy. Renowned soul rescuers Natalia and Terry O'Sullivan have distilled an array of practices, rituals, exercises and meditations to help you explore what ancestral healing is and how it can aid you. Recognize how unresolved ancestral wounds have impacted your life; learn how to use rituals and practical exercises to honour and communicate with your ancestors; balance your physical, emotional and psychological wellbeing through healing the family wounds. The journey of ancestral healing is one of evolution and restoration. Each step, ritual and prayer will take you closer to the life your ancestors have dreamed for you. **Something Else, Something**

These and other questions are explored by Dr Carmen Gleadow against an academic background of religious, medical and philosophical research. **The British National Bibliography** Arthur James Wells, 2006 *Access*, 2001 *Issues in*
