*Unstable Ground* Rosalind C. Morris, 2025-03-04 What has gold done to people What has it made them do The Witwatersrand in South Africa once home to the world's richest goldfields is today scattered with abandoned mines into which informal miners known as zama zamas venture in an illicit often deadly search for ore Based on field research conducted across more than twenty five years around these mines *Unstable Ground* reveals the worlds that gold made possible and gold's profound costs for those who have lived in its shadow and dreamt of its transformative power From the vantage point of the closure of South Africa's gold mines Rosalind C Morris reconsiders their histories beginning in the present and descending into the pasts that shaped them Anchored in evocative descriptions of mining in the ruins this book explores the social worlds built on gold and the lives that were remade and sometimes undone by the industry over a century and a half Viewing this industry from its margins against the backdrop of the cyanide revolution the gold standard's demise and recurrent sinkholes as well as the insurrectionary protests and violence that continue to this day it recasts the history of South Africa and the incomplete effort to overcome apartheid amid the transformations of the global economy In writing that is by turns immersive incisive and poetic Morris unearths a history that was born of imperial aspiration and that persists as a speculative mirage Interweaving ethnography history personal testimony and political thought with striking readings of South African literary texts *Unstable Ground* is a work of extraordinary ambition and depth

**The Columbia Guide to South African Literature in English Since 1945** Gareth Cornwell, Dirk Klopper, Craig MacKenzie, 2010 From the outset South Africa's history has been marked by division and conflict along racial and ethnic lines From 1948 until 1994 this division was formalized in the National Party's policy of apartheid Because apartheid intruded on every aspect of private and public life South African literature was preoccupied with the politics of race and social engineering Since the release from prison of Nelson Mandela in 1990 South Africa has been a new nation in the making inspired by a nonracial idealism yet beset by poverty and violence South African writers have responded in various ways to Njabulo Ndebele's call to rediscover the ordinary The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored An invaluable guide for general readers as well as scholars of African literary history this comprehensive text celebrates the multiple traditions and exciting future of the South African voice Although the South African Constitution of 1994 recognizes no fewer than eleven official languages English has remained the country's literary lingua franca This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present An introduction identifies the most interesting and noteworthy writing from the period Alphabetical entries provide accurate and objective information on genres and writers An appendix lists essential authors published before 1945
