*Rethinking Meter* Alan Holder,1995 This study finds that in scanning poetry the commitment to the foot as a unit of measure satisfies a desire for a poem to display a system But that system is achieved only at the cost of distorting or obscuring the true stress configuration of verse lines The foot also comes into play in setting up the notion of an ideal line supposedly heard by the mind s ear and said to be in tension or counterpoint with the actual line *Rethinking Meter* discards this approach as removing us from our authentic experience of a poem s movement Before presenting its own view of meter the book takes up the issues of how the words of a poem are to be enunciated the place of pauses and the notion of the line as the essential formal feature marking off poetry from prose Focusing on iambic pentameter *Rethinking Meter* proceeds to offer a view of metrical patterns that discards the foot entirely BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      The Princeton Handbook of Poetic Terms Roland Greene,Stephen Cushman,2016-07-26 An essential handbook for literary studies The Princeton Handbook of Poetic Terms drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics provides an authoritative guide to the most important terms in the study of poetry and literature Featuring 226 fully revised and updated entries including 100 that are new to this edition the book offers clear and insightful definitions and discussions of critical concepts genres forms movements and poetic elements followed by invaluable up to date bibliographies that guide users to further reading and research Because the entries are carefully selected and adapted from the Princeton Encyclopedia the Handbook has unrivalled breadth and depth for a book of its kind in a convenient portable size Fully indexed for the first time and complete

Evolution and Literary Theory Joseph Carroll,1995 Over the past two decades poststructuralism in its myriad forms has come to dominate literary criticism to the exclusion of virtually any other point of view Few scholars have escaped the coercive authority of its programmatic radicalism In Evolution and Literary Theory Joseph Carroll vigorously attacks the foundational principles of poststructuralism and offers in their stead a bold new theory that situates literary criticism within the matrix of evolutionary theory

Metre, Rhythm and Verse Form Philip Hobsbaum,2006-12-05 Poetry criticism is a subject central to the study of literature However it is laden with technical terms that to the beginning student can be both intimidating and confusing Philip Hobsbaum provides a welcome remedy illuminating terms ranging from the iambus to the bob wheel stanza and forms from the Spenserian sonnet to modern rap with clarity and comprehensiveness It is an essential guide through the terminology which will be invaluable reading for undergraduates new to the subject
