Sound Bites:

Sound Bites Alex Kapranos, 2007-10-04 In September 2005 Alex Kapranos began writing about what he ate while touring the world with the rock band Franz Ferdinand The writing is as much about where he eats and the people he eats with as the unusual flavours he tastes on the road Whether it s munching donuts with cops in Brooklyn swallowing bull s balls with the band in Buenos Aires or queuing for a saveloy in South Shields these are surprising and vivid snapshots of life on the road Funny poignant sickening or sexual depending on the situation the material both new and previously published in the Guardian is fascinating and entertaining Sound Bites Victor L. Cahn, 2012-08-01 The absurdities of contemporary politics and culture are lampooned in this unique and biting novel composed entirely of media sound bites Here are the voices of our time politicians reporters pundits and voters all clashing amid a senatorial campaign between a young conservative woman and a venerable liberal man The result is a fast paced satire filled with sharp dialogue and ironic surprises SoundBites Kathy Kerchner, 1997 This book gives the inside view of what the Media wants from corporate executives and businesses in clear and simple terms *Sound-Bite Saboteurs* , **Image Bite Politics** Maria Elizabeth Grabe, Erik Page Bucy, 2009-03-02 Image Bite Politics is the first book to systematically assess the visual presentation of presidential candidates in network news coverage of elections and to connect these visual images with shifts in public opinion Presenting the results of a comprehensive visual analysis of general election news from 1992 2004 encompassing four presidential campaigns the authors highlight the remarkably potent influence of television images when it comes to evaluating leaders The book draws from a variety of disciplines including political science behavioral biology cognitive neuroscience and media studies to investigate the visual framing of elections in an incisive fresh and interdisciplinary fashion Moreover the book presents findings that are counterintuitive and challenge widely held assumptions yet are supported by systematic data For example Republicans receive consistently more favorable visual treatment than Democrats countering the conventional wisdom of a liberal media bias and image bites are more prevalent and in some elections more potent in shaping voter opinions of candidates than sound bites Finally the authors provide a foundation for promoting visual literacy among news audiences and bring the importance of visual analysis to the forefront of research The International Encyclopedia of Political Communication, 3 Volume Set Gianpietro Mazzoleni, Kevin G.
