The Battle Of The Wilderness:

The Battle of the Wilderness, May 5-6, 1864 Gordon C. Rhea, 2004-09-01 Fought in a tangled forest fringing the south bank of the Rapidan River the Battle of the Wilderness marked the initial engagement in the climactic months of the Civil War in Virginia and the first encounter between Ulysses S Grant and Robert E Lee In an exciting narrative Gordon C Rhea provides the consummate recounting of that conflict of May 5 and 6 1864 which ended with high casualties on both sides but no clear victor With its balanced analysis of events and people command structures and strategies The Battle of the Wilderness is operational history as it should be written

Hell Itself Chris Mackowski, 2016-05-01 A Civil War historian recounts the first battle between Ulysses S Grant and Robert E Lee a bloody and horrifying conflict in the Wilderness of Virginia Known simply as the Wilderness soldiers called the seventy square miles of dense Virginian forest one of the waste places of nature and a region of gloom Yet here in the spring of 1864 the Civil War escalated to a new level of horror Ulysses S Grant commanding all Federal armies opened the Overland Campaign with a vow to never turn back Robert E Lee commanding the Confederate Army of Northern Virginia moved into the Wilderness to block Grant's advance Thick underbrush made for difficult movement and low visibility And these challenges were terrifyingly compounded by the outbreak of fires that burned casualties and left both sides blinded in a sea of smoke Driven by desperation duty confusion and fire soldiers on both sides marveled that anyone might make it out alive This viewed as a battleground was simply infernal a Union soldier later said Another called it Hell itself

The Battle of the Wilderness Morris Schaff, 1910 *The Battle of the Wilderness* Dan Abnett, 2006-08-15 Explains in graphic novel format the actions of the Union and Confederate troops during the Battle of the Wilderness

The Battle of the Wilderness in Myth and Memory Adam Petty, 2019-08-14 In this highly revisionist study historian Adam H Petty tracks how veterans and historians of the Civil War created and perpetuated myths about the Wilderness a forest in Virginia that served as the backdrop for three of the war's most interesting campaigns This forest had a fearsome reputation among soldiers especially those from Union armies many believed it to be an exceptional landscape with a menacing mystique that created favorable combat conditions for Lee's Army of Northern Virginia According to Petty the mythology surrounding the campaigns in the Wilderness began to take shape during the war but truly blossomed in the postwar years continuing into the present Those myths he suggests confounded accurate understandings of how the physical environment influenced combat and military operations While the Wilderness did create difficult combat conditions Petty refutes claims that it was unique and favored the Confederates Unlike previous studies of the Wilderness this work does not focus on a single battle or campaign Instead Petty explores all the major clashes there Chancellorsville Mine Run and the battle of the Wilderness which allows Petty to observe changes over time especially regarding the attitudes and actions of generals and soldiers Yet Petty's study is not a narrative history of the campaigns Instead he reconsiders traditional interpretations surrounding the nature of the Wilderness and how it affected military

operations and combat His work analyzes not only the interaction between military campaigns and environment but also how the memory of that interaction evolved into the myth we know today The Wilderness Campaign Gary W. Gallagher, 1997 A collection of eight essays which examine the different aspects of this battle which lead to Lee's surrender and the end of the Civil War **The Battle of the Wilderness** Charles River Editors, 2025-05-02 Numbers meant little in fact they were frequently an encumbrance on the narrow trails Visibility was limited making it extremely difficult for officers to exercise effective control Attackers could only thrash noisily and blindly forward through the underbrush perfect targets for the concealed defenders Col Vincent J Esposito With Robert E Lee's Army of Northern Virginia continuing to frustrate the Union Army of the Potomac's attempts to take Richmond in 1862 and 1863 President Lincoln shook things up by turning command of all the armies of the United States to Ulysses S Grant in March 1864 Lee had won stunning victories at battles like Chancellorsville and Second Bull Run by going on the offensive and taking the strategic initiative but Grant and Lincoln had no intention of letting him do so anymore Attaching himself to the Army of the Potomac Grant ordered Army of the Potomac commander George Meade Lee's army is your objective point Wherever Lee goes there you will go also From May 5-7 the two most famous generals of the Civil War squared off for the first time The 100 000 strong Army of the Potomac was double the size of Lee's hardened but battered Army of Northern Virginia It was a similar position to the one George McClellan had in 1862 and Joe Hooker had in 1863 and Grant's first attack at the Battle of the Wilderness followed a similar pattern Nevertheless Lee proved more than capable on the defensive The Battle of the Wilderness was fought so close to where the Battle of Chancellorsville took place a year earlier that soldiers encountered skeletons that had been buried in shallow graves in 1863 Moreover the woods were so thick that neither side could actually see who they were shooting at and whole brigades at times got lost in the forest Both armies sustained heavy casualties while Grant kept attempting to move the fighting to a setting more to his advantage but the heavy forest made coordinated movements almost impossible On May 5 and May 6 both armies attempted desperate attacks and counterattacks to strike a knockout blow but they were ultimately unable to dislodge each other Given the terrain and the nature of the fighting it was one of the most horrendous battles of the war with some wounded men literally burning to death in fires ignited by the battle that sparked the nearby underbrush and spread rapidly The defending Confederates technically won a tactical victory by holding their ground but they did so at a staggering cost inflicting 17 000 casualties on the Army of the Potomac and suffering 11 000 of their own On May 7 Grant disengaged his army from the battle His objective had been frustrated by Lee's skillful defense the same position as Hooker at Chancellorsville McClellan on the Virginian Peninsula and Burnside after Fredericksburg His men got the familiar dreadful feeling that they would retreat back toward Washington as they had too many times before This time however Grant made the fateful decision to keep moving south inspiring his men by telling them that he was prepared to fight it out on this line if it takes all Summer The Battle of the Wilderness would only be the beginning of the Overland Campaign not the end of it The

The Overland Campaign Charles River Editors, 2025-05-02 With Robert E Lee s Army of Northern Virginia continuing to frustrate the Union Army of the Potomac s attempts to take Richmond in 1862 and 1863 President Lincoln shook things up by turning command of all the armies of the United States to Ulysses S Grant in March 1864 Lee had won stunning victories at battles like Chancellorsville and Second Bull Run by going on the offensive and taking the strategic initiative but Grant and Lincoln had no intention of letting him do so anymore Attaching himself to the Army of the Potomac Grant ordered Army of the Potomac commander George Meade Lee s army is your objective point Wherever Lee goes there you will go also From May 5 7 the two most famous generals of the Civil War squared off for the first time The 100 000 strong Army of the Potomac was double the size of Lee s hardened but battered Army of Northern Virginia It was a similar position to the one George McClellan had in 1862 and Joe Hooker had in 1863 and Grant s first attack at the Battle of the Wilderness followed a similar pattern Nevertheless Lee proved more than capable on the defensive The Battle of the Wilderness was fought so close to where the Battle of Chancellorsville took place a year earlier that soldiers encountered skeletons that had been buried in shallow graves in 1863 Moreover the woods were so thick that neither side could actually see who they were shooting at and whole brigades at times got lost in the forest Both armies sustained heavy casualties while Grant kept attempting to move the fighting to a setting more to his advantage but the heavy forest made coordinated movements almost impossible On May 5 and May 6 both armies attempted desperate attacks and counterattacks to strike a knockout blow but they were ultimately unable to dislodge each other Given the terrain and the nature of the fighting it was one of the most horrendous battles of the war with some wounded men literally burning to death in fires ignited by the battle that sparked the nearby underbrush and spread rapidly The defending Confederates technically won a tactical victory by holding their ground but they did so at a staggering cost inflicting 17 000 casualties on the Army of the Potomac and suffering 11 000 of their own On May 7 Grant disengaged his army from the battle His objective had been frustrated by Lee s skillful defense the same position as Hooker at Chancellorsville McClellan on the Virginian Peninsula and Burnside after Fredericksburg His men got the familiar dreadful feeling that they would retreat back toward Washington as they had too many times before This time however Grant made the fateful decision to keep moving south inspiring his men by telling them that he was prepared to fight it out on this line if it takes all Summer The Battle of the Wilderness would only be the beginning of the Overland Campaign not the end of it The Overland Campaign comprehensively covers the campaign and the events that led up to the battle the fighting itself and the aftermath of the battle Accounts of the battle by important participants are also included along with maps of the battle and pictures of important people places and events You will learn

about the Wilderness like you never have before **The Overland Campaign** Charles River Charles River Editors, 2018-02-21 Includes pictures of the battles important generals Includes several maps of the battles Includes accounts of the fighting written by generals and soldiers Includes a Bibliography of each battle for further reading Grant and Lee were about as evenly matched in military talent as any two opposing generals have ever been Grant's strength was unwavering adherence to his strategic objective He made mistakes but the overall pattern of his campaign reveals an innovative general employing thoughtful combinations of maneuver and force to bring a difficult adversary to bay on his home turf Lee's strength was resilience and the fierce devotion that he inspired in his troops He too made mistakes and often placed his smaller army in peril But each time Spotsylvania Court House and the North Anna River come to mind he improvised solutions that turned bad situations his way Gordon C Rhea The Overland Campaign that pitted Robert E Lee against Ulysses S Grant is one of the most famous campaigns of the Civil War and perhaps its greatest chess match While Grant sought to destroy Lee's Army of Northern Virginia along the way to Richmond Lee aimed to defend his capital while staying alert for a golden opportunity to strike a decisive blow against Grant's Army of the Potomac The result was an incredibly costly campaign that saw 4 major battles and near continuous fighting in May and June 1864 At the Battle of the Wilderness May 5 7 1864 Ulysses S Grant and Robert E Lee had fought to a standstill in their first encounter failing to dislodge each other despite incurring nearly 30 000 casualties between the Union Army of the Potomac and the Confederate Army of Northern Virginia Despite the fierce fighting Grant continued to push his battered but resilient army south hoping to beat Lee's army to the crossroads at Spotsylvania Court House but Lee's army beat Grant's to Spotsylvania and began digging in setting the scene for on and off fighting from May 8 21 that ultimately inflicted more casualties than the Battle of the Wilderness In fact with over 32 000 casualties among the two sides it was the deadliest battle of the Overland Campaign After Spotsylvania Grant and Lee both raced to the next natural defensive line the North Anna River where Lee sprang a trap for Grant by establishing an inverted V as a defensive line with the salient touching the North Anna River which would allow the Army of Northern Virginia to use interior lines to fall upon the separate wings of the Union army if it tried to cross the river As fate would have it Grant would fall into Lee's trap only for Lee to be debilitated by illness at the crucial moments allowing Grant to realize the potential mistake and avoid a major pitched battle By the time the two armies reached Cold Harbor near the end of May 1864 Grant incorrectly thought that Lee's army was on the verge of collapse On June 3 1864 sensing he could break Lee's army Grant ordered a full out assault at dawn in the hopes of catching the rebels before they could fully entrench Although the story of Union soldiers pinning their names on the back of their uniforms in anticipation of death at Cold Harbor is apocryphal the frontal assault on June 3 inflicted thousands of Union casualties in about half an hour In just minutes 7 000 Union soldiers were killed or wounded as 30 000 Confederate soldiers successfully held the line against 50 000 Union troops losing just 1 500 men in the process The Overland Campaign stunned Americans in 1864 but Cold Harbor would be the last

major battle of the Overland Campaign because Grant would reach his objective by stealing a march on Lee to cross the James River beginning the actions that would lead to the siege of Petersburg This book chronicles the campaign with analysis of the generalship accounts by generals and soldiers pictures and more **Battle of the Wilderness** Konrad Kellen,1961
