S. C., 1862 **America the Beautiful** Maureen Kris, 2011-08 **The Concept of the Beautiful** Agnes Heller, 2012-02-01 The main purpose of this book is to explicate the problematic relationship between the heterogeneity of what is experienced as beautiful and the homogeneity of the conceptualization of that experience or attempt at such a conceptualization in the era of modern philosophy While the heterogeneity of what is experienced as beautiful was permitted and indeed celebrated in the dominant ancient conception for example in the Symposium and Phaedrus of Plato the need for homogenization in the later appropriation of Plato and in the Enlightenment period relegated the beautiful to the privileged domain of artworks In her analysis Agnes Heller provides a unique and significant emphasis on the original life content of the experience of the beautiful which becomes lost in the modern system of the arts This book details the history of the concept of the beautiful starting with what Agnes Heller distinguishes between the warm metaphysics of beauty and the cold one inspired by Plato's Janus faced relationship to beauty and ending with a fragmented yet hopeful vision propagated by Friedrich Nietzsche Walter

Benjamin and Theodor W Adorno among others In between these two historical parentheses the metaphysical Plato on one hand and the post metaphysical Nietzsche Benjamin and Adorno on the other hand lay a plenitude of figures and intellectual developments all of which contributed to the demise of the concept of the beautiful in the Western metaphysical tradition The most important of these figures and developments are examined in this book Philosophy, the Good, the True and the Beautiful Anthony O'Hear, 2000-09-25 Discussions of value play a central role in contemporary philosophy This book considers the role of values in truth seeking in morality in aesthetics and also in the spiritual life The distinguished contributors include Simon Blackburn Jonathan Dancy Paul Horwich John Leslie Timothy Sprigge and David Wiggins
