Girgus, **Desire and the Political Unconscious in American Literature** Sam B Girgus, 1990-05-25 **The Cambridge Handbook of American Literature** Jack Salzman, 1986-08-29 The Cambridge Handbook of American Literature offers a compact and accessible guide to the major landmarks of American literature **American Studies** Jack Salzman, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 *Men Alone* Jopi Nyman, 2022-02-28 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard boiled fiction The novels under study are Red Harvest by Dashiell Hammett The Postman Always Rings Twice by James M Cain They Shoot Horses Don't They by Horace McCoy and To Have and Have Not by Ernest Hemingway In this first full length study of gender in hard boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism Hard boiled fiction is located in its historical and cultural context and it is argued that the genre with its explicit emphasis on masculinity and masculine virtues attempts to reaffirm a masculine order The study argues that this emphasis is a counter reaction to more general changes in the gender relations of the period Indeed hard boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti modern values generally accepted in the cultural context of the genre **Sixteen Modern American Authors** Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to Fifteen Modern American Authors 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form Sixteenth Modern American Authors it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies **Law and Literature** María José Falcón y Tella, 2016-04-26 María José Falcón y Tella invites us on a fascinating journey through the world of law and literature travelling through the different eras and exploring eternal and as such current issues such as justice power resistance vengeance rights and duties This is an unending conversation which brings us back to Sophocles and Dickens Cervantes and Kafka Dostoyevsky and Melville among many others There are many ways to approach the concept of Law and Literature In the classical manner the author distinguishes three paths the Law of

Literature involving a technical approach to the literary theme Law as Literature a hermeneutical and rhetorical approach to examining legal texts and finally Law in Literature which is undoubtedly the most fertile and documented perspective the fundamental part of the work focusses on this direction This timely volume offers an introduction to this enormous field of study which was born in the United States over a century ago and is currently taking root in the European continent A

Reference Guide for English Studies Michael J. Marcuse, 2023-11-15 Cohesion and Dissent in America Carol Colatrella, Joseph Alkana, 1994-01-01 This book addresses one of the most important theories to arise in recent American literary scholarship Developed over the past two decades Sacvan Bercovitch's ideas about the relationship of American cultural institutions to voices of dissent have repeatedly posed challenges to pervasive assumptions about American culture and the methods used by cultural critics and literary historians The contributors to this book respond to different aspects of Bercovitch's ideas by exploring a wide range of scholarly disciplines including American Chicano Amerindian African American Asian American feminist comparatist philosophical legal and critical studies In addition to essays that focus on the theoretical backgrounds and implications of Bercovitch's concepts this book interrogates the uses of those concepts in the study of American literatures Works by a variety of American writers are analyzed the Colonial poet Phillis Wheatly nineteenth century writers Hawthorne and Melville modernists Pound and Eliot contemporary authors John Barth Norman Mailer Arturo Islas and John Yau and philosophers William James and Stanley Cavell This book offers new directions to students of American culture while it participates in the ongoing reassessment of American cultural and literary scholarship

The Turn Around Religion in America Michael P. Kramer, 2016-02-24 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion's powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch's emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion's power we learn something new *The Persistence of Racism in America* Thomas Powell, 1993 one of the most thorough attempts to explain

why racism is still with us in these closing years of the twentieth century THE NEW ENGLAND REVIEW OF BOOKS *New Essays on Seize the Day* Michael P. Kramer, 1998-12-28 A collection of essays first published in 1999 on Saul Bellow's *Seize the Day* **Silent Film and the Triumph of the American Myth** Paula Marantz Cohen, 2001-05-03 Silent Film and the Triumph of the American Myth is a broad cultural study that connects the rise of film to the rise of America as a cultural center and world power in the twentieth century Cohen argues that through the medium of silent film America was able to sever its literary and linguistic ties to Europe assert its cultural independence and forge a unique form of cultural expression Silent films drew on elements developed in popular forms of representation like photography landscape panoramas and vaudeville performance to create a medium that more accurately represented the American experience **The Turn Around Religion in America** Professor Michael P Kramer, Professor Nan Goodman, 2013-05-28 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion's powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch's emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion's power we learn something new **Little House, Long Shadow** Anita Clair Fellman, 2008-05-21 Beyond their status as classic children's stories Laura Ingalls Wilder's *Little House* books play a significant role in American culture that most people cannot begin to appreciate Millions of children have sampled the books in school played out the roles of Laura and Mary or visited Wilder homesites with their parents who may be fans themselves Yet as Anita Clair Fellman shows there is even more to this magical series with its clear emotional appeal a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond In *Little House Long Shadow* a leading Wilder scholar offers a fresh interpretation of the *Little House* books that examines how this beloved body of children's literature found its way into many facets of our culture and consciousness even influencing the responsiveness of Americans to particular political views Because both Wilder and her daughter Rose Wilder Lane opposed the New Deal programs being implemented during the

period in which they wrote their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty. Their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance, security, and warmth. Fellman argues that the popularity of these books abetted by Lane's overtly libertarian views helped lay the groundwork for a negative response to big government and a positive view of political individualism contributing to the acceptance of contemporary conservatism while perpetuating a mythic West. Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter, Fellman explores the continuing presence of the books and their message in modern cultural institutions from classrooms to tourism newspaper editorials to Internet message boards. *Little House Long Shadow* shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political assumptions. It is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations and suggests that sources other than political rhetoric have contributed to Americans' renewed appreciation of individualist ideals.

Sixteen Modern American Authors Jackson R. Bryer, 1989. Praise for the earlier edition: Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth-century American writers. In its new form *Sixteenth Modern American Authors* it will continue to be indispensable. If it is not a desk book for all Americanists, it is a book to be kept in the forefront of the bibliographical compartment of their brains. *American Studies*

Generations of Jewish Directors and the Struggle for America's Soul Sam B. Girgus, 2021-08-11. From generation to generation, three outstanding American Jewish directors: William Wyler, Sidney Lumet, and Steven Spielberg advance a tradition of Jewish writers, artists, and leaders who propagate the ethical basis of the American Idea and Creed. They strive to renew the American spirit by insisting that America must live up to its values and ideals. These directors accentuate the ethical responsibility for the other as a basis of the American soul and a source for strengthening American liberal democracy. In the manner of the jeremiad, their films challenge America to achieve a liberal democratic culture for all people by becoming more inclusive and by modernizing the American Idea. Following an introduction that relates aspects of modern ethical thought to the search for America's soul, the book divides into three sections. The Wyler section focuses on the director's social vision of a changing America. The Lumet section views his films as dramatizing Lumet's dynamic and aggressive social and ethical conscience. The Spielberg section tracks his films as a movement toward American redemption and renewal that aspires to realize Lincoln's vision of America as the hope of the world. The directors, among many others, perpetuate a New Covenant that advocates change and renewal in the American experience.

Modernizing Solitude Yoshiaki Furui, 2019-02-05. An innovative and timely examination of the concept of solitude in nineteenth-century American literature. During the nineteenth century, the

United States saw radical developments in media and communication that reshaped concepts of spatiality and temporality. As the telegraph, the postal system, and public transportation became commonplace, the country achieved a level of connectedness that was never possible before. At this level, physical isolation no longer equaled psychological separation from the exterior world, and as communication networks proliferated, being disconnected took on negative cultural connotations. Though solitude and the lack thereof is a pressing concern in today's culture of omnipresent digital connectivity, Yoshiaki Furui shows that solitude has been a significant preoccupation since the nineteenth century. The obsession over solitude is evidenced by many writers of the period with consequences for many basic notions of creativity, art, and personal and spiritual fulfillment. In *Modernizing Solitude: The Networked Individual in Nineteenth Century American Literature*, Furui examines, among other works, Henry David Thoreau's *Walden*, Harriet Jacobs's *Incidents in the Life of a Slave Girl*, Herman Melville's *Bartleby the Scrivener*, Emily Dickinson's poetry and letters, and telegraphic literature in the 1870s to identify the virtues and values these writers bestowed upon solitude in a time and place where it was being consistently threatened or devalued. Although each writer has a unique way of addressing the theme, they all aim to reclaim solitude as a positive, productive state of being that is essential to the writing process and personal identity. Employing a cross-disciplinary approach to understand modern solitude and the resulting literature, Furui seeks to historicize solitude by anchoring literary works in this revolutionary yet interim period of American communication history while also applying theoretical insights into the literary analysis.
