The Legend Of The Titan Corporation:

The Legend of the Titan Corporation Jeffrey L. Rodengen, Richard F. Hubbard, 2002 An exciting account of how hard work skillful maneuvering and a willingness to try new ideas turned a dream into reality Captures the patriotism and purpose of a legendary American corporation The Legend of the Titan Corporation Jeffrey L. Rodengen, 2002 **The Legend of HCA** Jeffrey L. Rodengen, 2003 The Legend of HCA chronicles the exciting sometime turbulent story of one of America's most influential corporations HCA's founding in 1968 started a revolution in the healthcare industry not only in Nashville where the company began but across the entire country HCA was one of the first investor owned hospital companies in the nation As such the company pioneered an entirely new way of running hospitals Over the years HCA has been a leader in balancing and improving the nation's healthcare system Today it is one of the most well respected companies in the nation and arguably stands head and shoulders above other investor owned hospital companies when it comes to policies ethics and quality healthcare **The Story of HealthSouth** Jeffrey L. Rodengen, 2002 In 1984 a year after Congress overhauled the way Medicare would pay hospitals and medical centers a young entrepreneur named Richard Scrushy decided to start a new kind of healthcare company one that took rehabilitation out of the basements of hospitals and moved it into bright and lively settings that promoted wellness and healing Scrushy sought to coordinate all aspects of rehabilitation from social services to physical and occupational therapy under one roof After only 18 years HealthSouth became the nation's leading provider of ambulatory surgery diagnostic imaging and inpatient and outpatient rehabilitation Brings to vivid life the fascinating history of one of the most dynamic healthcare corporations in America Mobilization Constraints and Military Privatization Eugenio Cusumano, 2022-12-12 This book investigates the connection between tightening mobilization constraints and the use of PMSCs in the United States the United Kingdom and Italy Drawing on neoclassical realism and institutionalist theory it conceptualizes democracies use of private military and security companies PMSCs as an attempt to circumvent the tightening constraints on the mobilization of military power The use of private military contractors is less subjected to parliamentary restrictions and less visible to public opinion than the deployment of soldiers Rather than cheaper in financial terms PMSCs are therefore politically cost effective as they enable decision makers to minimize the institutional obstacles on conducting military operations and the electoral costs attached thereto The need to reduce the ex ante hurdles and the ex post costs of military deployments fills the blind spots of alternative explanations for the use of PMSCs based on effectiveness ideology and organizational interests *The Legend of Polaris* Jeffrey L. Rodengen, Richard F. Hubbard, 2003 The Legend of Polaris recounts the remarkable saga of the company that invented the snowmobile After becoming the number one manufacturer of snowmobiles Polaris went on to create the first automatic transmission ATV a line of stable reliable personal water craft a sport boat line and Victory the company's celebrated motorcycles The Legend of Discount Tire Co., Inc Jeffrey L. The Legend of IBP Jeffrey L. Rodengen, 2000 With sales of more than 13 billion IBP is a world leading producer of protein In fact one out of every three steaks and one of every five pork chops consumed in America today was produced by IBP Yet remarkably the company is less than 30 years old Founders Andy Anderson and Currier J Holman built IBP by applying seemingly simple concepts to one of America's most established industries Instead of shipping live cattle across the country to stockyards in Chicago and on the East Coast Currier Holman located processing plants in Iowa and Nebraska near the largest ranches From there they shipped vacuum packed boxed beef already trimmed and packaged to supermarkets across the country With this single idea and an unwavering attention to quality and efficiency IBP transformed the industry
