The Liberals And Ireland The Ulster Question In British Politics To 1914

K.Theodore Hoppen

The Liberals And Ireland The Ulster Question In British Politics To 1914:

The Liberals and Ireland Patricia Jalland, 1980 Liberalism and Liberal Politics in Edwardian England George L. Bernstein, 2023-08-11 First published in 1986 Liberalism and Liberal Politics in Edwardian England makes a lively contribution to the historical debate over whether the Liberal Party was already threatened by decline before the First World War It challenges the current orthodoxy among historians of the Liberal Party arguing that neither the new liberalism nor the progressive alliance with Labour helped to make it more attractive to working class voters Dr Bernstein takes a wide view of liberal ideology and policies stressing that the new liberalism cannot be treated in isolation from traditional domestic and external policies He examines the crucial relationship between party leaders and constituency activists and argues that the party was more effective when the leadership could mobilize the activists in support of traditional domestic and foreign policies such as peace and retrenchment free trade education and temperance reform land reform the House of Lords and Irish Home Rule This book will be welcomed by both scholars and students of history and political science **The Strange Survival of Liberal Britain** Vernon Bogdanor, 2022-10-20 Masterly A fascinating tour d horizon of the Edwardian political scene This must be a definitive account Professor Jane Ridley author of George V Never a Dull Moment A tour de force sympathetic in its treatment of the subject eminently wise in its judgement and invariably fair in its verdicts It purrs along like a Rolls Royce engine Professor T G Otte author of Statesman of Europe A Life of Sir Edward Grey This brilliant book from Britain s most important constitutional historian upends the orthodoxy about the decadent Edwardians A masterpiece of intelligent history both forceful and subtle which transforms how we view not just those most complex Edwardians but also our own equally complex times Professor Richard Aldous author of The Lion and the Unicorn Gladstone vs Disraeli Brilliant Instantly the leading history of this turbulent and critical period in Britain s transition towards a modern democracy Professor Robert Blackburn King s College London Vernon Bogdanor has the habit of unearthing gems that have been missed by others He does it again in this magisterial work on post Gladstonian Britain by challenging some of the long established myths about this period that deserve to be cast aside Professor Malcolm Murfett King s College London Professor Bogdanor argues with conviction and sometimes passion but always with judiciousness and in the light of deep reflection The result is a masterly work which speaks to the politics of our own time Alvin Jackson Richard Lodge Professor of History University of Edinburgh An extraordinary exploration of a political world whose dynamics continue to shape the future of liberal constitutionalism Bruce Ackerman Sterling Professor of Law and Political Science Yale University Crisp authoritative and lucid Nicholas Owen associate professor of politics University of Oxford The turbulent years of 1895 to 1914 changed Britain s political landscape for ever They saw a transition from aristocratic rule to mass politics and heralded a new agenda which still dominates today The issues of the period economic modernisation social welfare and equality secondary and technical education a new role for Britain in the world were complex and difficult Indeed they proved so thorny that despite the efforts

of the Edwardians they remain among the most pressing problems we face in the twenty first century The period has often been seen as one of decadence of the strange death of liberal Britain In contrast Vernon Bogdanor believes that the robustness of Britain s parliamentary and political institutions and her liberal political culture with the commitment to rational debate and argument were powerful enough to carry her through one of the most trying periods of her history and so make possible the remarkable survival of liberal Britain In this wide ranging and sometimes controversial survey one of our pre eminent political historians dispels the popular myths that have grown up about this critical period in Britain s story and argues that it set the scene for much that is laudable about our nation today Liberal Government and Politics, 1905-15 I. Packer,2006-04-27 This book is an innovative appraisal of Edwardian Liberalism and the 1905 15 Liberal governments Making extensive use of new archival research the volume identifies the major concerns of Liberals in the first two decades of the twentieth century and explores how policy making was related to conflicting definitions of Liberal ideology *British Politics, Society and Empire, 1852-1945* David W. Gutzke,2017-04-21 This book draws together essays on modern British history empire liberalism and conservatism in honour of Trevor O Lloyd Emeritus Professor of Modern British history at the University of Toronto for some thirty years beginning in the 1960s With Lloyd best known for his two histories of the Empire and of domestic Britain published in the Short Oxford History of the Modern World series as well as his pioneering psephological study of the 1880 General Election the essays include analyses of Anglo Irish relations Florence Nightingale Canada muckrackers the Primrose League and prisoners of war during World War II *The Chamberlains, the Churchills and Ireland, 1874-1922* Ian Chambers,2006 Winston Churchill and Austen Chamberlain both entered Parliament with inherited Unionist views However changing political circumstances in Britain and Ireland led them to change their stance and adopt policies that would have been anathema to their fathers **Conflict, Diaspora, and Empire** Darragh Gannon,2023-06-29 Explores Irish nationalism in Britain from the politics of John Redmond to the political violence of Michael Collins **Great Britain** Keith Robbins,2016-04-08 This is a timely exploration of national identity in Great Britain over nine hundred years of history Our attitudes to the nation state are changing national assemblies in Scotland and Wales and growing pressures for regional assemblies In his vigorous new survey Professor Robbins provides the background to these changing attitudes He considers the development as well as the possible disintegration of the sense of Britishness among the inhabitants of Britain and investigates how and why they have preserved their own national and regional identities across several centuries of co existence Keith Robbins is Vice Chancellor of the University of Wales Lampeter Among his many books Longman has also published his highly successful study *The Eclipse of a Great Power Modern Britain 1870 1992* Second Edition 1994 He is also General Editor of Longman s famous series of Profiles in Power with over 20 titles already in print and many more in preparation *Ireland since 1800* K.Theodore Hoppen,2013-12-02 The second edition of this bestselling survey of modern Irish history covers social religious as well as political history and offers a distinctive

combination of chronological and thematic approaches

Liberty and Authority in Victorian Britain Peter

Mandler, 2006-07-20 Victorian Britain is often considered as the high point of laissez faire the place and the time when people were most free to make their own lives without the aid or interference of the State This book explores the truth of that assumption and what it might mean It considers what the Victorian State did or did not do what were the prevailing definitions and practices of liberty what other sources of discipline and authority existed beyond the State to structure people's lives in sum what were the broad conditions under which such a profound belief in liberty could flourish and a complex society be run on those principles Contributors include leading scholars in British political social and cultural history so that liberty is seen in the round not just as a set of ideas or of political slogans but also as a public and private philosophy that structured everyday life Consideration is also given to the full range of British subjects in the nineteenth century men women people of all classes from all parts of the British Isles and to placing the British experience in a global and comparative perspective
