The Life And Times Of Gd Birla:

The Life and Times of G.D. Birla Medha M. Kudaisya, 2003 Kudaisya's biography explores all the aspects of this legendary figure. Elegantly written, it reconstructs Birla's eventful public and private life drawing upon the rich historical evidence available in his private papers. Kudaisya was the first scholar to have unrestricted access to these papers. This book is not simply a story of one of the greatest Indians of our times but also provides a window on the transformation which India has witnessed during the twentieth century. It shows how Birla's life was marked by a complex interplay of profit power and piety.

The Technological Indian Ross Bassett, 2016-02-15 In the late 1800s India seemed to be left behind by the Industrial Revolution. Today there are many technological Indians around the world but relatively few focus on India's problems. Ross Bassett, drawing on a database of every Indian to graduate from the Massachusetts Institute of Technology through 2000, explains the role of MIT in this outcome.

Nationalism and Imperialism in South and Southeast Asia Arnold P. Kaminsky, Roger D. Long, 2016-09-13 This volume is a festschrift for Damodar Ramaji SarDesai b. 1931. Professor Emeritus of History at the University of California Los Angeles (UCLA) where all of the contributors received their Ph.D. as did SarDesai himself. His work for over fifty years at UCLA has been an inspiration to generations of students and he has made major contributions to the world of learning and in his chosen areas of specialization of India, especially its foreign policy with regard to Southeast Asia, imperialism and the history of the modern European empires and Southeast Asia. He has served as Chair of the History Department at UCLA as well as Bombay University and President of the Asiatic Society of Bombay. The volume includes a biographical introduction and a bibliographic essay on SarDesai's major writings and contains new and cutting edge essays on the design of imperial Vijayanagara, famine policy in colonial India and how European imperialist policies created or exacerbated the impact of famines, the relatively unknown chapter of Chinese Gordon's brief Indian career, reflections on the Tamil humanist A. Madhaviah, a man ahead of his time, nationalism and the career of industrialist G. D. Birla, Gandhi's friend, the Chindia Problematic, India and China relations, the state of Philippine historiography and its nationalist impulses, the role of Vietnamese highlanders in the Vietnamese nationalist struggle and their recent plight, early Malayan nationalism and the efforts of American administrators to protect Philippine highland natives from being forced to participate in international exhibitions as curiosities from the American colony.

The Marwaris Thomas A. Timberg, 2015-05-22 In the nineteenth century a tiny community from the deserts of Rajasthan spread out to every corner of India. The Marwaris controlled much of the country's inland trade by the time of the First World War. They then turned their hand to industry and by the 1970s owned most of India's private industrial assets. Today Marwari businessmen account for a quarter of the Indian names on the Forbes billionaires list. What makes the Marwaris so successful? Is it their indomitable enterprise or their incredible appetite for risk? In this new book Thomas Timberg shows how the Marwaris rely on a centuries-old system for conserving and growing capital which has stood them in good stead alongside a strong sense of business ethics which has

earned them respect Family businesses in general and the Marwaris in particular might have a vital role to play in shaping India's economic future
