money from tourist visitors The widespread and enduring significance of railway enthusiasm will ensure that this groundbreaking text remains a key work in transport studies and will appeal to enthusiasts as much as to students and scholars of transport and cultural history **The Little History of Swansea** David Gwynn, 2021-01-18 Much has changed in Swansea over the years and this short but comprehensive history chronicles the development of the city from the earliest times to today The Little History of Swansea traces the growth of the medieval town the rise of the Port of Swansea the industrial heritage of the area and the fate that befell the town during the Second World War Here you can read about the odd and unusual happenings as well as the more traditional history that has made the city what it is today Ottley's Bibliography of British Railway History.
