Rosa, 2024-10-14 I began writing this book after my husband of 51 years passed away hoping to find my purpose in this new chapter of my life Without my best friend by my side I sought guidance and clarity Through my writing and research I learned to be patient with myself and the process embracing each day as it comes Digging deep into my subconscious to uncover my purpose required time effort and patience I discovered that within each of us lies an untapped well of strength Whether its in health career relationships or emotions our true power is ready to be harnessed By understanding the limits imposed upon us we can break free and create the world we dream of This book explores the souls journey and the quest for purpose and inner strength emphasizing patience and gradual progress The essence of the souls journey lies in accumulating and comprehending experiences Each action spoken word and emotion contributes to this path of learning growth and evolution Its a path of learning experiencing and evolving A soul journey is a route of spiritual and personal development that enables us to discover our passions connect with our inner selves and align with our greater purpose Its a journey to realizing our individual potential and reaching our destiny Throughout our journey we seek to find purpose and meaning beyond the material world At that point the concept of a soul journey becomes a reality **I'M Home!
