Wendell B. Anderson

The Light From A Distant Star:

Light from a Distant Star Mary McGarry Morris, 2012-07-17 *Light from a Distant Star* is a gripping coming of age story with a brutal murder at its heart and a heroine as unforgettable as Harper Lee's Scout. It is early summer and Nellie Peck is on the cusp of adolescence gangly awkward full of questions but keenly observant and wiser than many of the adults in her life. The person she most admires is her father Benjamin a man of great integrity. His family's century old hardware store is failing and Nellie's mother has had to go back to work. Nellie's older half sister has launched a disturbing search for her birth father. Often saddled through the long hot days with her timid younger brother Henry Nellie is determined to toughen him up. And herself as well. Three strangers enter Nellie's protected life. Brooding Max Devaney is an ex con who works in her surly grandfather's junkyard. Reckless Bucky Saltonstall has just arrived from New York City to live with his elderly grandparents. And pretty Dolly Bedelia is a young stripper who rents the family's small rear apartment and becomes the titillating focus of Nellie's eavesdropping. When violence erupts in the lovely Peck house the prime suspect seems obvious. Nellie knows who the real murderer is but is soon silenced by fear and the threat of scandal. The truth as she sees it is shocking and unthinkable and with everyone's eyes riveted on her in the courtroom Nellie finds herself seized with doubt. No one will listen. No one believes her and a man's life hangs in the balance. A stunning evocation of innocence lost. *Light from a Distant Star* stands as an incredibly moving and powerful novel from one of America's finest writers. **The light of a distant star**, 1965

A command that will reset the path of destinies both for an unsuspecting Earth and a planet much nearer the galactic core. A world called Mith Sul Anroth or as the humans who come to know it Myth. This is the story of events great and small global and personal. Follow the radiant streams of light from distant and alien suns as they illuminate adventure in the new series Unknown Country.
