The Philosophies of Religion and Spirituality B. A. Lloyd S. Lefteruk,2009-12

MORAL It is not so much that we don't know but that we know so much that isn't so that is the cause of our problems

SUMMARY Among the most astounding recent academic discoveries is the true history of the development of man's spirituality philosophy and religion and their relationship to each other It is becoming more apparent that the Christian Islamic Hebrew and all other monotheistic religions of the world have the same origin and have more in common than is generally believed Man will not achieve world peace until his religions are once again reintegrated As brothers and sisters with one God as our father all humanity must learn to live together and assume a sense of greater universal responsibility Our greatest challenge today is that our new

global community demands that every individual must develop a greater sense of spirituality THEME There is a place for everything and everything has its place Everything is as it should be The Universe is evolving according to the will of God It is our failure to see the good in everything to realize the perfection in Man God and the whole Cosmos which is the cause of our unhappiness the source of our discontent and at the root of our suffering The realization of the goodness of all Creation is man s ticket to his life in a Paradise on Earth *The Armies of Ancient Persia* Kaveh Farrokh,2014-02-28 Throughout most of the classical period Persia was one of the great superpowers placing a limit on the expansion of Western powers It was the most formidable rival to the Roman empire for centuries until Persia by then under the Sassanians was overwhelmed by the Islamic conquests in the seventh century AD Yet the armies of ancient Persia have received relatively little detailed attention certainly in comparison to those of Rome This work is the first of three volumes that will form the most comprehensive study of ancient Persian armies available The Sassanians the native Iranian dynasty that ousted their Parthian overlords in AD 226 developed a highly sophisticated army that was able for centuries to hold off all comers They continued the Parthians famous winning combination of swift horse archers with heavily armored cataphract cavalry also making much use of war elephants but Kaveh Farrokh interestingly demonstrates that their oft maligned infantry has been much underestimated The author born in Athens Greece and expert in ancient Persian languages and military history has been researching the military history and technology of Persia for a quarter of a century He draws on the latest research and new archaeological evidence focusing on the organization equipment and tactics of the armies that dominated the ancient Middle East for so long

Ancient Persia and Iranian Civilization Clément Huart,1927 *The Wisdom of the Mystic East* John Walbridge,2001-08-03 Twelfth century Islamic philosopher Suhraward attempted to revive Platonism in an era of Avicennan Aristotelianism Modern scholars have portrayed Suhraward as wishing to revive an oriental wisdom and associate him with ancient Persia In this book John Walbridge uses Suhraward as a vehicle to explore the tendency of Platonic philosophers to romanticize oriental wisdom The work presents Suhraward and defines the problem of Platonic orientalism both in general and in relation to Suhraward Egypt and the Hermetic tradition ancient Persia and the notion of metaphysical light and India Buddhism and the transmigration of souls are all covered in terms of their influence or lack of influence in Suhraward s thought The book also explores the role of Platonic and Suhrawardian orientalism in various cultures over the years **The Theosophist** ,1899
