The Battle Of Karbalaa Marsiya Of Anis Paperback:

The Battle of Karbala Mir Babbar Ali Anis,2001 **Reliving Karbala** Syed Akbar Hyder,2008-09-01 In 680 C E a small band of the Prophet Muhammads family and their followers led by his grandson Husain rose up in a rebellion against the ruling caliph Yazid The family and its supporters hopelessly outnumbered were massacred at Karbala in modern day Iraq The story of Karbala is the cornerstone of institutionalized devotion and mourning for millions of Shii Muslims Apart from its appeal to the Shii community invocations of Karbala have also come to govern mystical and reformist discourses in the larger Muslim world Indeed Karbala even serves as the archetypal resistance and devotional symbol for many non Muslims Until now though little scholarly attention has been given to the widespread and varied employment of the Karbala event In *Reliving Karbala* Syed Akbar Hyder examines the myriad ways that the Karbala symbol has provided inspiration in South Asia home to the worlds largest Muslim population Rather than a unified reading of Islam Hyder reveals multiple sometimes conflicting understandings of the meaning of Islamic religious symbols like Karbala He ventures beyond traditional scriptural interpretations to discuss the ways in which millions of very human adherents express and practice their beliefs By using a panoramic array of sources including musical performances interviews nationalist drama and other literary forms Hyder traces the evolution of this story from its earliest historical origins to the beginning of the twenty first century Today Karbala serves as a celebration of martyrdom a source of personal and communal identity and even a tool for political protest and struggle Hyder explores how issues related to gender genre popular culture class and migrancy bear on the cultivation of religious symbols He assesses the manner in which religious language and identities are negotiated across contexts and continents At a time when words like martyrdom jihad and Shiism are being used and misused for political reasons this book provides much needed scholarly redress Through his multifaceted examination of this seminal event in Islamic history Hyder offers an original complex and nuanced view of religious symbols *The Battle of Karbala* Mir Babbar Ali Anis,2001 *The Book Review* ,1997 *The Shi'i Islamic Martyrdom Narratives of Imam al-Husayn* Muhammad-Reza

Fakhr-Rohani,2023-06-14 Martyrdom narratives maqtals represent a prominent genre of Islamic particularly Shi i literature In this genre the heart rending aspects of the martyrdom scenes of religiously prominent people are depicted graphically Although not exclusively limited to the martyrdom accounts of Imam al usayn and his companions who were martyred on the plain of Karbala Iraq a great majority of Islamic martyrdom narratives deal with the Ashura episodes As the first book length treatment of this genre in English this text takes the reader from the dawn of Islam in ancient Arabia exploring the background of the Battle of Karbala and giving a view of the various maqtals and several related studies Although examining Arabic and Persian sources this book presupposes little background knowledge on the part of the reader *Islam in South Asia in Practice* Barbara D. Metcalf,2009-09-08 This volume of Princeton Readings in Religions brings together the work of more than thirty scholars of Islam and Muslim societies in South Asia to create a rich anthology of primary texts that

contributes to a new appreciation of the lived religious and cultural experiences of the world's largest population of Muslims. The thirty-four selections translated from Arabic, Persian, Urdu, Bengali, Tamil, Gujarati, Hindavi, Dakhani and other languages highlight a wide variety of genres many rarely found in standard accounts of Islamic practice from oral narratives to elite guidance manuals from devotional songs to secular judicial decisions arbitrating Islamic law and from political posters to a discussion among college women affiliated with an Islamist organization. Drawn from premodern texts, modern pamphlets, government and organizational archives, new media and contemporary fieldwork, the selections reflect the rich diversity of Islamic belief and practice in South Asia. Each reading is introduced with a brief contextual note from its scholar translator and Barbara Metcalf introduces the whole volume with a substantial historical overview.

For the Love of Husayn (AS)
 Muhammad-Reza Fakhr-Rohani, 2012-12-01 This book is a compilation of different poems composed in memory of the Master of Martyrs Husayn ibn Ali (AS) and his loyal companions who were martyred almost 14 centuries ago in Karbala, Iraq. A chorus of poets from different parts of the world have sung the praises of the heroes of the greatest act of sacrifice in human history, the Battle of Karbala, and this book reflects only a glimpse of such songs of praise, sorrow and mourning.
