Strangers in *Paradise*

A woman with long brown hair, wearing sunglasses and a green and black striped one-piece swimsuit, is sitting on a sandy beach. She is looking towards the camera. The Bay Of Strangers:

The Bay of Strangers Lillian Beckwith, 2001 The People and the Bay Nancy B. Bouchier, Ken Cruikshank, 2016-01-15

This masterful social and environmental history raises questions about how decisions being made about the natural world today will shape the cities of tomorrow In 1865 John Smoke braved the ice on Burlington Bay to go spearfishing Soon after he was arrested by a fishery inspector and then convicted by a magistrate who chastised him for thinking that he was at liberty to do as he pleased with Her Majesty s property With this story Nancy Bouchier and Ken Cruikshank launch their history of the relationship between the people of Hamilton Ontario and Hamilton Harbour aka Burlington Bay From the time of European settlement through to the city s rise as an industrial power townfolk struggled with nature and with one another to champion their particular vision of the bay as a place to live work and play As Smoke discovered the outcomes of those struggles reflected the changing nature of power in an industrial city From efforts to conserve the fishery in the 1860s to current attempts to revitalize a seriously polluted harbour each generation has tried to create what it believed would be a livable and prosperous city *Strangers in Blood* Jennifer S. H. Brown, 1996-01-01 For two centuries 1670 1870 English Scottish and Canadian fur traders voyaged the myriad waterways of Rupert s Land the vast territory chartered to the Hudson s Bay Company and later splintered among five Canadian provinces and four American states The knowledge and support of northern Native peoples were critical to the newcomer s survival and success With acquaintance and alliance came intermarriage and the unions of European traders and Native women generated thousands of descendants Jennifer Brown s *Strangers in Blood* is the first work to look systematically at these parents and their children Brown focuses on Hudson s Bay Company officers and North West Company wintering partners and clerks those whose relationships are best known from post journals correspondence accounts and wills The durability of such families varied greatly Settlers missionaries European women and sometimes the courts challenged fur trade marriages Some officers Scottish and Canadian relatives dismissed Native wives and Indian progeny as illegitimate Traders who took these ties seriously were obliged to defend them to leave wills recognizing their wives and children and to secure their legal and social status to prove that they were kin not strangers in blood Brown illustrates that the lives and identities of these children were shaped by factors far more complex than blood Sons and daughters diverged along paths affected by gender Some descendants became M tis and espoused M tis nationhood under Louis Riel Others rejected or were never offered that course they passed into white or Indian communities or in some instances identified themselves without prejudice as half breeds The fur trade did not coalesce into a single society Rather like Rupert s Land it splintered and the historical consequences have been with us ever since **Notes on Strangers' Courts in the Massachusetts Bay Colony** John Noble, 1902 **Strangers Arrive** Leonard Bell, 2017-11-17 None of us had the faintest idea where we were going but during 1938 39 the town Christchurch was made strangely interesting for anyone like myself with the scattered arrival of the refugees All at once there were people among us who were actually from Vienna
