day or enjoy it over your lifetime the wisdom in this book will last forever Texas Market Hunting R. K. Sawyer, 2013-10-01

From its earliest days of human habitation the Texas coast was home to seemingly endless clouds of ducks geese swans and shorebirds By the 1880s Texas huntsmen or market hunters as they came to be called began providing meat and plumage for the restaurant tables and millinery salons of a rapidly growing nation A network of suppliers packers distribution centers and shipping hubs efficiently handled their immense harvest At the peak of Texas market hunting in the late 1890s Rockport merchants shipped an average of 600 ducks a day in a five month shooting season and in the last year of legal market hunting an estimated 60 000 ducks and geese were shipped from Corpus Christi alone Market men employed efficient methods to harvest nature s bounty They commonly hunted at night often using bait to concentrate large numbers of waterfowl The effectiveness of the hunt was improved when side by side double barrel shotguns and large gauge swivel guns gave way to repeating firearms with some capable of discharging as many as eleven shells in a single volley Their methods were so efficient that by the late 1800s Texas sportsmen and others blamed the alarming decline of coastal waterfowl populations on the market hunter s occupation In 1903 after a long fight and many failures the first migratory bird game law passed the Texas legislature Though the fight would continue it was the beginning of the end of the year round slaughter Most market hunters quit and those who didn t became outlaws In this book R K Sawyer chronicles the days of market hunting along the Texas coast and the showdown between the early game wardens and those who persisted in commercial waterfowl hunting Containing an abundance of rare historical photographs and oral history Texas Market Hunting Stories of Waterfowl Game Laws and Outlaws provides a comprehensive and colorful account of this bygone period Classic Hunting Tales Vin T. Sparano, 2015-11-24 No matter when and where it s done the love and dangers of hunting will always remain For more than forty million Americans who hunt here is the ideal companion Vincent T Sparano a lifelong devotee of hunting stories and himself a hunter presents these timeless tales each a thrilling account of man and beast Twenty five stories reveal the adventure the spirit the fear and the danger involved in hunting from the truly terrifying The Croc That Wouldn t Die to the nearly unbelievable Nightmare Hunt in which a hunter is mauled by bears and survives There are tales of tigers and rams of deer and cougars There is the classic story of a moose hunt in the wilds of Alaska in 1897 But another side to hunting is also here the camaraderie the friendship and the responsibility of one hunter for another Throughout the book runs a constant theme the loyalty of men sharing a common goal And within that framework is another loyalty of the hunter and his dog No collection of hunting stories would be complete without a selection that skillfully and touchingly portrays the feelings between human and animal And no story reveals it with more dignity than Nat s Dog A full collection covering the range of stories and experiences of hunters Classic Hunting Tales gives keen insight to the outdoors and all who dwell there Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and

Smith,2001-09-01 The third in a series of books including true stories about the biggest bucks in terms of antler size and weight bagged by hunters in Michigan The digital version has mostly color photos as opposed to black and white photos in the printed book Each book in the series has a different collection of short stores that can be read in any order Two chapters in this book are devoted to unraveling the mystery behind a monster 12 pointer scoring more than the current world record typical whitetail that Mitch Rompola shot with bow and arrow during 1998 The book also includes chapters about a hunt on which a father and son bagged a huge buck when they were after a doe a 14 year old boy who bagged a Boone Crockett qualifier as his first deer brothers who successfully stalked a Booner with bow and arrow a bowhunter who bagged a Booner on his first day of bowhunting and a remarkable story about a buck that was 8 years old Even though these stories took place in Michigan they will be valuable to deer hunters everywhere
