Michael Burgan

The Berlin Wall:

The Berlin Wall Michael Burgan, 2007-07 Chronicles the separation of East and West Berlin in the post World War II years and the closing of the borders on August 13 1961 when East Germany's Communist government stopped its citizens from fleeing to the West

What Was the Berlin Wall? Nico Medina, Who HQ, 2019-09-24 The Berlin Wall finally came down in 1989 Now readers can find out why it was built in the first place and what it meant for Berliners living on either side of it Here's the fascinating story of a city divided In 1961 overnight a concrete border went up dividing the city of Berlin into two parts East and West The story of the Berlin Wall holds up a mirror to post WWII politics and the Cold War Era when the United States and the USSR were enemies always on the verge of war The wall meant that no one from Communist East Berlin could travel to West Berlin a free democratic area Of course that didn't stop thousands from trying to breach the wall more than one hundred of them dying in the attempt One East Berliner actually ziplined to freedom Author Nico Medina explains the spy vs spy politics of the time as well as what has happened since the removal of one of the most divisive landmarks in modern history

The Berlin Wall Thomas Flemming, 2000 Using a wealth of fascinating photographs and documents this book tells the full story of the Berlin Wall from the barbed wire barriers of August 1961 to the 12 foot Fourth Generation Wall It describes the feelings and reactions of the people of both East and West Berlin from the day the wall went up until the events of 9th November 1989 which led to the collapse of what had been the most closely guarded border in the world

The Berlin Wall Fred Taylor, 2006 On the morning of August 13 1961 the residents of East Berlin found themselves cut off from family friends and jobs in the West by a tangle of barbed wire that ruthlessly cut a city of four million in two Within days the barbed wire entanglement would undergo an extraordinary metamorphosis it became an imposing 103 mile long wall guarded by three hundred watchtowers A physical manifestation of the struggle between Soviet Communism and American capitalism totalitarianism and freedom that would stand for nearly thirty years the Berlin Wall was the high risk fault line between East and West on which rested the fate of all humanity Many brave people risked their lives to overcome this lethal barrier and some paid the ultimate price In this captivating work sure to be the definitive history on the subject Frederick Taylor weaves together official history archival materials and personal accounts to tell the complete story of the Wall's rise and fall from the postwar political tensions that created a divided Berlin to the internal and external pressures that led to the Wall's demise In addition he explores the geopolitical ramifications as well as the impact the wall had on ordinary lives that is still felt today For the first time the entire world faced the threat of imminent nuclear apocalypse a fear that would be eased only when the very people the Wall had been built to imprison breached it on the historic night of November 9 1989 Gripping and authoritative *The Berlin Wall* is the first comprehensive account of a divided city and its people in a time when the world seemed to stand permanently on the edge of destruction

Behind the Berlin Wall Patrick Major, 2009-11-26 Few historical changes occur literally overnight but on 13 August 1961 eighteen million East

Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War the Berlin Wall This new history rejects traditional top down approaches to Cold War politics exploring instead how the border closure affected ordinary East Germans from workers and farmers to teenagers and even party members caught out by Sunday the Thirteenth Party police and Stasi reports reveal why one in six East Germans fled the country during the 1950s undermining communist rule and forcing the eleventh hour decision by Khrushchev and Ulbricht to build a wall along the Cold War s frontline Did East Germans resist or come to terms with immurement Did the communist regime become more or less dictatorial within the confines of the so called Antifascist Defence Rampart Using film and literature but also the GDR s losing battle against Beatlemania Patrick Major s cross disciplinary study suggests that popular culture both reinforced and undermined the closed society Linking external and internal developments Major argues that the GDR s official quest for international recognition culminating in Ostpolitik and United Nations membership in the early 1970s became its undoing unleashing a human rights movement which fed into but then broke with the protests of 1989 After exploring the reasons for the fall of the Wall and reconstructing the heady days of the autumn revolution the author reflects on the fate of the Wall after 1989 as it moved from demolition into the realm of memory **A City Torn Apart** ,2011 **The Berlin Wall** Matt Doeden,2014-07-01 Lets readers experience life behind the Berlin wall choosing different paths to take through history

The Path to the Berlin Wall Manfred Wilke,2014-04-01 The long path to the Berlin Wall began in 1945 when Josef Stalin instructed the Communist Party to take power in the Soviet occupation zone while the three Western allies secured their areas of influence When Germany was split into separate states in 1949 Berlin remained divided into four sectors with West Berlin surrounded by the GDR but lingering as a captivating showcase for Western values and goods Following a failed Soviet attempt to expel the allies from West Berlin with a blockade in 1948 49 a second crisis ensued from 1958 61 during which the Soviet Union demanded once and for all the withdrawal of the Western powers and the transition of West Berlin to a Free City Ultimately Nikita Khrushchev decided to close the border in hopes of halting the overwhelming exodus of East Germans into the West Tracing this path from a German perspective Manfred Wilke draws on recently published conversations between Khrushchev and Walter Ulbricht head of the East German state in order to reconstruct the coordination process between these two leaders and the events that led to building the Berlin Wall *The Berlin Wall and the Intra-German Border 1961-89* Gordon L. Rottman,2012-10-20 The border between East and West Germany was closed on 26 May 1953 On 13 August 1961 crude fences and walls were erected around West Berlin the Berlin Wall had been created The Wall encircled West Berlin for a distance of 155km and its barriers and surveillance systems evolved over the years into an advanced obstacle network The Intra German Border ran from the Baltic Sea to the Czechoslovak border for 1 381km and was where NATO forces faced the Warsaw Pact for the 45 years of the Cold War This book examines the international situation that led to the establishment of the Berlin Wall and the IGB and discusses how these barrier systems were operated

and finally fell *Behind the Berlin Wall* Steven Kelman, 1972 Memoir about the experiences of Steven Kelman when he entered East Berlin in the summer of 1971 He observed and documented peoples thoughts and experiences in the Communist police state A most lucid and judicious analyses of the student protest movement Bayard Rustin
