The Betrayers David Bezmozgis, 2024-09-24 These incandescent pages give us one fraught momentous day in the life of Baruch Kotler a Soviet Jewish dissident who now finds himself a disgraced Israeli politician When he refuses to back down from a contrary but principled stand regarding the settlements in the West Bank his political opponents expose his affair with a mistress decades his junior and the besieged couple escapes to Yalta the faded Crimean resort of Kotler's youth There shockingly Kotler encounters the former friend whose denunciation sent him to the Gulag almost forty years earlier In a whirling twenty four hours Kotler must face the ultimate reckoning both with those who have betrayed him and with those whom he has betrayed including a teenage daughter a son facing his own moral dilemma in the Israeli army and the wife who once campaigned to secure his freedom and stood by him through so much Stubborn wry and self knowing Baruch Kotler is one of the great creations of contemporary fiction An aging man grasping at a final passion he is drawn inexorably into a crucible that is both personal and biblical in scope In prose that is elegant sly precise and devastating in its awareness of the human heart David Bezmozgis has rendered a story for the ages an inquest into the nature of fate and consequence love and forgiveness *The Betrayers* is a high wire act a powerful tale of morality and sacrifice that will haunt readers long after they turn the final page

Tally the Betrayers M.C. Burnell, 101-01-01 They failed the people they swore to serve but it's themselves who were most changed The Sight itself won't let them pass the blame Almost no one is where they were supposed to be the people standing at their shoulders aren't the allies they expected or planned for It seems though that everyone has found the people they can trust and the mission they were meant to see through Dyafer and the Vriomeh are ready to face down the villain on his border Sparud is doing what he can to undermine the traitors from within Mairid is fighting the right war if not in the place the Lahar commanded Everyone has a task laid out for them To fight in defense of someone To stand for a belief to build something instead of just knocking down broken institutions and killing villains To be the mages they hoped to be back when they were neophytes and still believed that heroes could wear vylles To prove the traitor wrong that what was always most wrong with the world was them It's great to finally be able to take a stand even if no one's hands are clean by then
