The Bible And Liberation Political And Social Hermeneutics:

The Bible and Liberation Norman Karol Gottwald, 1983 **A Guide to Contemporary Hermeneutics** Donald K. McKim, 1999-05-25 Acknowledging that hermeneutics has become an increasingly important major focus in theological study Donald McKim's *A Guide to Contemporary Hermeneutics* presents a series of essays by various writers assessing current hermeneutical approaches and methods of biblical hermeneutics from their own personal experience **Text and Interpretation** Hartin, Petzer, 2019-07-01 *Text and Interpretation* gives an insight into the many different approaches that more recent South African scholarship has adopted in the interpretation of the New Testament While the number of approaches in New Testament interpretation has proliferated over the past few years all the proposals still fall under one of the three traditional poles sender author text receptor reader Classified according to this division each chapter has a twofold aim Firstly the perspective is situated within a wider framework of interpretation to illustrate the context out of which this approach emerges Secondly each article has selected a particular New Testament text to demonstrate this approach in practice The authors of these chapters the majority of which are South African scholars were chosen because of their expertise in their specific fields By presenting these studies together in one collection the scholarship in these different areas will become more readily accessible to a wider group of scholars **The Bible in Theology and Preaching** Donald K. McKim, 1999-05-05 **Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism** Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10 The long and complex history of reception and interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration The perspective is worldwide and ecumenical Its references to modern biblical scholarship on which it is based are extensive and updated The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Contributors are J Barton H L Bosman A F Campbell SJ D M Carr D J A Clines W Dietrich St E Fassberg D F Ilesdal A C Hagedorn K M Heim J H genhaven B Janowski D A Knight C K rting A Laato P Machinist M A O'Brien M Oeming D Olson E Otto M S b J Schaper S Sekine J L Ska SJ M A Sweeney and J de Waard **New Horizons in Hermeneutics** Anthony C. Thiselton, 1992 This book explores the rapidly growing interdisciplinary area of hermeneutics and its significance for biblical studies combining wide fundamental rigorous and creative theoretical concerns with practical questions about how we read biblical texts **Glimpses of a Strange Land** Cyril S. Rodd, 2001-08-02 In this challenging book Cyril Rodd questions many of the assumptions that lie behind recent studies of Old Testament ethics He views the strangeness of the biblical world and wonders whether there is an Old Testament ethics in the modern sense of the word finding rather that the Old Testament writers did not regard many of today's ethical dilemmas as problems at all Dr Rodd examines all the Old Testament writings

on five ethical issues the poor war treatment of animals ecology and the position of women He considers their validity and relevance for today and discusses the extent to which they can be referred to for authority or for inspiration and guidance

Controversies in Political Theology Thia Cooper, 2007-07-30 Controversies in Political Theology addresses the question of whether Christians should be struggling towards development or liberation It explores the theologies of development and liberation from their beginnings in the 1960s through their changes to the central arguments today The contrasts are examined in the practice of faith based aid agencies The understanding of how to practice justice differs widely for development theology and liberation theology Whilst the theology of development remain focused on the economic realm on trade and consumption the theology of liberation expands the discussion beyond the economic realm to deal with politics race gender and culture more generally These different concepts of justice lead to very different actions in communities around the world This book provides students with access to an in depth view of these practices in a clear and concise context The book looks not only at the theologies themselves but also how they came to emerge and how they stand in contrast across the globe today

Biblical Criticism: A Guide for the Perplexed Eryl W. Davies, 2013-01-17 This Guide for the Perplexed will demonstrate how modern biblical scholars have expressed dissatisfaction with a one sided historical critical approach to biblical texts and have argued that developments in secular literary theory should be applied in biblical studies Whereas the historical critical approach was concerned with the moment of a text s production authorship date place of writing etc the literary approach is concerned with the moment of the text s reception Eryl W Davies shows how and why approaches such as reader response criticism feminist criticism ideological criticism canonical criticism and post colonial criticism are now becoming more popular in many quarters The volume explains to the uninitiated in a readable and accessible form how strategies originally derived from secular literary criticism have been adopted by biblical scholars in order to understand the text of Scripture and to appreciate its relevance
