The Lexus And The Olive Tree Understanding Globalization:

The Lexus and the Olive Tree Thomas L. Friedman, 2000 From one of our most perceptive commentators and winner of the National Book Award a comprehensive look at the new world of globalization the international system that more than anything else is shaping world affairs today As the Foreign Affairs columnist for The New York Times Thomas L Friedman has traveled the globe interviewing people from all walks of contemporary life Brazilian peasants in the Amazon rain forest new entrepreneurs in Indonesia Islamic students in Teheran and the financial wizards on Wall Street and in Silicon Valley Now Friedman has drawn on his years on the road to produce an engrossing and original look at globalization Globalization he argues is not just a phenomenon and not just a passing trend It is the international system that replaced the Cold War system the new well greased interconnected system Globalization is the integration of capital technology and information across national borders in a way that is creating a single global market and to some degree a global village Simply put one can't possibly understand the morning news or one's own investments without some grasp of the system Just one example During the Cold War we reached for the hot line between the White House and the Kremlin a symbol that we were all divided but at least the two superpowers were in charge In the era of globalization we reach for the Internet a symbol that we are all connected but nobody is totally in charge With vivid stories and a set of original terms and concepts Friedman offers readers remarkable access to his unique understanding of this new world order and shows us how to see this new system He dramatizes the conflict of the Lexus and the olive tree the tension between the globalization system and ancient forces of culture geography tradition and community He also details the powerful backlash that globalization produces among those who feel brutalized by it and he spells out what we all need to do to keep the system in balance Finding the proper balance between the Lexus and the olive tree is the great drama of the globalization era and the ultimate theme of Friedman's challenging provocative book essential reading for all who care about how the world really works

The Lexus and the Olive Tree Thomas L. Friedman, 2012-08-21 Explains how globalization is shaping world affairs how it replaced the Cold War system how it is creating a single global market how it is influencing domestic policies and other related topics [The Lexus and the Olive Tree](#) Thomas L. Friedman, 1999 A brilliant guide for the here and now The New York Times Book Review In this vivid portrait of the new business world Thomas L Friedman shows how technology capital and information are transforming the global marketplace leveling old geographic and geopolitical boundaries With bold reporting and acute analysis Friedman dramatizes the conflict between globalizing forces and local cultures and he shows why a balance between progress and the preservation of ancient traditions will ensure a better future for all The Lexus and the Olive Tree is an indispensable look at power and big change in the age of globalization

Summary: The Lexus and the Olive Tree BusinessNews Publishing, 2013-02-15 The must read summary of Thomas Friedman's book The Lexus and the Olive Tree Understanding Globalization This complete summary of the ideas from Thomas Friedman's book The Lexus and the Olive shows that

globalisation is a fundamentally new and better way to do business As such a new and brighter era of globalisation is just in the process of beginning as all the major marketplaces evolve towards becoming global markets Thomas Friedman uses a metaphor to explain the challenges in this upcoming era of globalisation the human drive for enrichment and the best products represented by the Lexus will sometimes conflict with the natural desire to hold on to what has traditionally mattered in creating a sense of national and personal identity represented by the Olive Tree The challenge for individuals and nations will be to find and maintain a healthy balance between those two perspectives This summary highlights that globalisation creates the opportunity to sell into vast markets but pure commercial success will only be meaningful if it can be accomplished using means that reflect the individuality and cultural values of the people involved Added value of this summary Save time Understand the key concepts Increase your knowledge To learn more read The Lexus and the Olive and discover a challenging and provocative book for all who care about how the world really works

Quicklet On Thomas Friedman's The Lexus and the Olive Tree Scott Charles, 2012-02-08 ABOUT THE BOOK Someone I worked for once said to me there is a difference between your sphere of influence and your sphere of concern That s the challenge of Thomas Friedman s The Lexus and the Olive Tree Understanding Globalization to grasp the awesome power of globalization while still living decidedly local lives At least most of us do I do Or at least I did Mr Friedman has a huge wealth of stories to tell His ability to weave together a stream of anecdotes into circumstantial evidence is impressive Without using charts or graphs or abstract economic concepts he makes a convincing case that Globalization is real It s here to stay and we better get used to it I agree We better get used to it In a relatively short time the world has gone from telegraph to telephone to Internet Combine that with sophisticated supply chains that deliver goods in a matter of hours instead of weeks or months and you have today s market place MEET THE AUTHOR Scott Charles has over a decade s worth of experience as a research analyst Scott spent 11 years at a Fortune 500 company providing research and analytical services to marketing teams product managers R D staff and executives His specialty is doing comprehensive deep dives to support ideation processes identifying business opportunities market analysis and business development EXCERPT FROM THE BOOK Thomas Friedman s object in The Lexus and the Olive Tree Understanding Globalization is to provide a framework for understanding globalization as an international system Globalization according to Friedman is the sum total of all the various economic interests of everybody in the world These interests are not bound by national borders or by any particular cultural barrier The simple clarity of the Cold War e g US vs Soviet Union has been replaced by something more complex Everybody is pro globalization to the extent they benefit and against globalization to the extent it damages their interests The conflict therefore is about power who has it who wants it and how much is it worth Sometimes power is measured in money sometimes in political or cultural control Friedman knows all this and his narrative has a few well placed caveats The problem is in sorting out all the various dynamics Friedman doesn t actually set out to sort everything out he attempts to define what is going on in the broadest

sense Simply put globalization can be understood as the combination of advanced communications technology and supply chain management The ideas here are nothing new the telegraph and the Erie Canal had the same impact A few years later the telephone and the Panama Canal had an even bigger impact What's new this time around is the enormous interconnectedness of it all The human dynamic tensions have not changed but the speed at which the interactions happen and the scope is way larger And in this new world individuals have more power Because the Internet changes everything Buy a copy to keep reading

The Lexus and the Olive Tree Thomas L. Friedman,2000 From one of our most perceptive commentators and winner of the National Book Award a comprehensive look at the new world of globalization the international system that more than anything else is shaping world affairs today As the Foreign Affairs columnist for The New York Times Thomas L Friedman has traveled the globe interviewing people from all walks of contemporary life Brazilian peasants in the Amazon rain forest new entrepreneurs in Indonesia Islamic students in Teheran and the financial wizards on Wall Street and in Silicon Valley Now Friedman has drawn on his years on the road to produce an engrossing and original look at globalization Globalization he argues is not just a phenomenon and not just a passing trend It is the international system that replaced the Cold War system the new well greased interconnected system Globalization is the integration of capital technology and information across national borders in a way that is creating a single global market and to some degree a global village Simply put one can't possibly understand the morning news or one's own investments without some grasp of the system Just one example During the Cold War we reached for the hot line between the White House and the Kremlin a symbol that we were all divided but at least the two superpowers were in charge In the era of globalization we reach for the Internet a symbol that we are all connected but nobody is totally in charge With vivid stories

and a set of original terms and concepts Friedman offers readers remarkable access to his unique understanding of this new world order and shows us how to see this new system He dramatizes the conflict of the Lexus and the olive tree the tension between the globalization system and ancient forces of culture geography tradition and community He also details the powerful backlash that globalization produces among those who feel brutalized by it and he spells out what we all need to do to keep the system in balance Finding the proper balance between the Lexus and the olive tree is the great drama of the globalization era and the ultimate theme of Friedman's challenging provocative book essential reading for all who care about how the world really works

Current Issues in Globalization Robert E. Westerfield, J. Abbink, 2004 People around the globe are more connected to each other than ever before Information and money flow more quickly than ever Goods and services produced in one part of the world are increasingly available to the rest of the world International travel is more frequent International communication is commonplace This phenomenon has been titled globalisation The Era of Globalisation is fast becoming the preferred term for describing the current times Just as the Depression the Cold War Era the Space Age and the Roaring 20s are used to describe particular periods of history globalisation describes the political economic and cultural atmosphere of today While some people think of globalisation as primarily a synonym for global business it is much more than that not only does it allow social activists labour organisers journalists academics and many others to work on a global stage This book brings together a wide range of expertise addressing these issues from the perspective of authors from around the world Contents Preface From Westernisation to the Whirl of Globality Conceptualising Globalisation and its Effects on Local Societies Globalisation and Competitiveness A Comparative Analysis of Selected Developing Countries vs Industrial Countries Globalisation Marginalisation and Growth in Emerging Market Economies Globalisation of Real Estate Markets and Urban Development in Central Europe The Challenges of Globalisation The Role of the World Bank The Meaning and Limitation of Public Life under Global Capitalism Violence and State Reformation in the African Context Global and Local Aspects of Crisis and Change State Ideology Global Economy and Coping Strategies Index

Introducing Globalization Matthew Sparke, 2013-02-04 Designed specifically for introductory globalization courses *Introducing Globalization* helps students to develop informed opinions about globalization inviting them to become participants rather than just passive learners Identifies and explores the major economic political and social ties that comprise contemporary global interdependency Examines a broad sweep of topics from the rise of transnational corporations and global commodity chains to global health challenges and policies to issues of worker solidarity and global labor markets through to emerging forms of global mobility by both business elites and their critics Written by an award winning teacher and enhanced throughout by numerous empirical examples maps tables an extended bibliography glossary of key terms and suggestions for further reading and student research Supported by additional web resources available upon publication at www.wiley.com/go/sparke including hot links to news reports examples of globalization and other illustrative

sites and archived examples of student projects Engage with fellow readers of Introducing Globalization on the book's Facebook page at www.facebook.com/IntroducingGlobalization or learn more about this topic by enrolling in the free Coursera course Globalization and You at www.coursera.org/course/globalization

Why America's Top Pundits Are Wrong Catherine Besteman, Hugh Gusterson, 2005-01-17 This absorbing collection of essays subjects such popular commentators as Thomas Friedman Samuel Huntington Robert Kaplan and Dinesh D Souza to cold hard scrutiny and finds that their writing is often misleadingly simplistic culturally ill informed and politically dangerous Mixing critical reflection with insights from their own fieldwork twelve distinguished anthropologists respond by offering fresh perspectives on globalization ethnic violence social justice and the biological roots of behavior They take on such topics as the collapse of Yugoslavia the consumer practices of the American poor American foreign policy in the Balkans and contemporary debates over race welfare and violence against women In the clear vigorous prose of the pundits themselves these contributors reveal the hollowness of what often passes as prevailing wisdom and passionately demonstrate the need for a humanistically complex and democratic understanding of the contemporary world

Decoding **The Lexus And The Olive Tree Understanding Globalization**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**The Lexus And The Olive Tree Understanding Globalization**," a mesmerizing literary creation penned by a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
