The Life And Work Of Wilhelm Reich:

The Life and Work of Wilhelm Reich Michel Cattier, 1979-07-01 **Passion of Youth** Wilhelm Reich, 2013-07-02 When he died in 1957 Wilhelm Reich had been the most revolutionary figure in psychoanalysis and the only student of Freud's to carry his libido theory into experimental science Reich's legacy includes such essential volumes as *Character Analysis* *The Function of the Orgasm* and *The Mass Psychology of Fascism* *Passion of Youth* is the latest of Reich's writings to appear posthumously and it reveals that Reich's life no less than his work was provocative and instructive In a reminiscence composed in 1919 *Childhood and Puberty* Reich tells of his earliest years spent on a country estate in Bukovina He describes his first conscious experiences of sexuality and the further development of his sexual life his schooling and above all the catastrophic infidelity that led first to his mother's suicide in 1910 and then to his father's death in 1914 With the outbreak of the Great War Reich fled Bukovina and enlisted in the Austro-Hungarian Army where he became a battalion commander In an excerpt from his 1937 *History of Sexpol* he recounts how his four years in the military impressed on him the masses' numb obedience to authority and the automatic quality of a ceaselessly operating war machine Reich began his study of medicine at the University of Vienna in 1919 and graduated in the summer of 1922 His diaries from these years record his encounter with Freud the growth of his conviction that sexuality is the core around which all social life and the inner life revolves his first political stirrings and his analysis of the woman who would become his first wife These diaries abound in turbulent emotions and the passion of youth **Salvation Through Sex** Eustace Chesser, 1972 **Wilhelm Reich: A Personal Biography**

OPERATION PARADISE (standard edition b/w) G. Ritschl, 2007-11-05 The Orgone Revolution is underway During the last few years a small but growing group of people worldwide has started a peaceful revolution planet-wide environmental healing with orgone energy This book is essential reading for anyone who is interested in holistic healing and the convergence of advanced science with the mystical world view It is also a book for all those who are worried about the tendencies of a small elite to create a worldwide Orwellian Superstate by means of secret manipulation of world events centralisation and secret chemical and electronic warfare against humankind It is time to reclaim planet earth for humanity The compelling message of this book is Together we can create Paradise *The Quest for the Inner Human* Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought-provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that we've all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants

increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 Cultural Foundations of Political Psychology Paul Roazen,2018-02-06 Over the centuries all of the great philosophers made psychology central to understanding social life Indeed the ancient Greeks thought it impossible to conceive of political life without insight into the human soul Yet insufficient professional legitimization attaches to the central importance of modern depth psychology in understanding politics *Cultural Foundations of Political Psychology* explores the linkages between psychology and politics focusing on how rival conceptions of the good life and unspoken moral purposes in the social sciences have led to sectarian intolerance Roazen has always approached the history of psychoanalysis with the conviction that ethical issues are implicit in every clinical encounter Thus his opening chapter on Erich Fromm s exclusion from the International Psychoanalytic Association touches on a host of political matters including collaboration as opposed to resistance to Nazi tyranny Roazen also brings a public private perspective to such well known episodes as the Hiss Chambers case the circumstances of Virginia Woolf s madness and suicide and the matter of CIA funding of the monthly Encounter He deals with the reaction to psychoanalysis on the part of three major philosophers Althusser Wittgenstein and Buber and looks at the link between psychology and politics in the work of such political theorists as Machiavelli Rousseau Burke Tocqueville Berlin and Arendt A chapter grappling with Vietnam and the Cold War illustrates how political psychology should be concerned with questions of an ethical or ought character In examining the social and psychological bases for political theorizing Roazen shows how both psychology and politics must change and redefine their methodologies as a result of their interaction Roazen concludes with a chapter on how political psychology must deal with issues posed by changing conceptions of femininity This volume is a pioneering exploration of the intersection of psychology and politics

Eschatological Discipleship Trevin Wax,2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature Often eschatology is thought to refer only to last things doctrines

However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one's evangelism and ecclesiology. Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview, imbalanced discipleship, and eventually a tragic inability to model the Christian way of life. By answering questions like "What time is it?" and "Where is history going?" Trevin Wax helps Christians view the past, present, and future biblically and shapes their understanding of following Jesus.
