The Life Of Saint Pachomius And His Disciples Cistercian Studies Series:

Pachomian koinonia : the lives, rules, and other writings of Saint Pachomius and his disciples. 1. The life of Saint Pachomius and his disciples Pachomius (Sanctus),1980 **The History of the Peoples of the Eastern Desert** Hans Barnard,Kim Duistermaat,2012-12-31 The last quarter century has seen extensive research on the ports of the Red Sea coast of Egypt the road systems connecting them to the Nile and the mines and quarries in the region Missing has been a systematic study of the peoples of the Eastern Desert the area between the Red Sea and the Nile Valley in whose territories these ports roads mines and quarries were located The historical overview of the Eastern Desert in the shape of a roughly chronological narrative presented in this book fills that gap The multidisciplinary perspective focuses on the long term history of the region The extensive range of topics addressed includes specific historical periods natural resources nomadic survival strategies ancient textual data and the interaction between Christian hermits and their neighbors The breadth of perspective does not sacrifice depth for all authors deal in some detail with the specifics of their subject matter As a whole this collection provides an outline of the history and sociology of the Eastern Desert unparalleled in any language for its comprehensiveness As such it will be the essential starting point for future research on the Eastern Desert Includes a CD of eleven audio files with music of the Ababda Nomads and six short videos of Ababda culture **The Story of the Bodmer Papyri** James M Robinson,2013-02-28 The United Nations Educational and Cultural Organization UNESCO entrusted author James Robinson with tracking down the place where the Nag Hammadi Codices had been discovered Priests whom the author interviewed in the region told Robinson that the codices had once been in the possession of a priest in the town of Dishna a bit further upstream than Nag Hammadi itself Robinson found that this priest had not had the Nag Hammadi Codices but rather the Bodmer Papyri For Dishna is where the monastery headquarters of the first monastic order was located The Bodmer Papyri discovery consisted of all that was left of the library of the Pachomian monastic order Coptic letters of Pachomius and very early Greek copies of Luke and John perhaps donated when Athanasius was in hiding at the monastery These treasures were preserved in a jar hidden in the mountain where monks were buried This book traces the story of the Bodmer Papyri from beginning to end **Medieval Hagiography** Thomas Head,2018-10-24 This collection presents through the medium of translated sources a comprehensive guide to the development of hagiography and the cult of the saints in western Christendom during the middle ages It provides an unparalleled resource for the study of the ideals of sanctity and the practice of religion in the medieval west Intended for the classroom for the medieval scholar who wishes to explore sources in unfamiliar languages and for the general reader fascinated by the saints this collection provides the reader a chance to explore in depth a full range of writings about the saints the term hagiography is derived from Greek roots hagios holy and graphe writing The thirty six chapters contain sources either in their entirety or in selections of substantial length The great majority of the texts have never previously appeared in English translation Those which have

appeared in earlier translation are here presented in versions based on significant new textual and historical scholarship which makes them significant improvements on the earlier versions All the translations are accompanied by introductions notes and suggestions for further reading in order to help guide the reader The first selections date to the fourth century when the ideals of Christian sanctity were evolving to meet the demands of a world in which Christianity was an accepted religion and when the public veneration of relics was growing greatly in scope The last selections date to the period immediately prior to the Reformation a period in which the traditional concept of sanctity and acceptability of the cult of relics was being questioned In addition to numerous works from the clerical languages of Latin and Greek the selections include translations from Romance Celtic Germanic and Slavic vernacular languages as well as Hebrew texts concerning the martyrdom of Jews at the hands of Christians Originating in lands from Iceland to Hungary and from the Baltic to the Mediterranean they are taken from a full range of the many genres which constituted hagiography lives of the saints collections of miracle stories accounts of the discovery or movement of relics liturgical books visions canonization inquests and even heresy trials

The Text of a Coptic Monastic Discourse On Love and Self-Control Carolyn Schneider, 2017-04-28 This book introduces a beautiful fourth century Coptic discourse on love and self control in its first English translation The text's heading attributes it to Athanasius bishop of Alexandria but this attribution is questionable Exploring issues of authorship and context this book locates the origins of On Love and Self Control in the Upper Egyptian Pachomian monastic community of the mid fourth century It then traces the various uses of On Love and Self Control to the late eleventh and early twelfth centuries when the single surviving manuscript was copied as part of an anthology at the Monastery of St Shenoute of Atripe A partial reconstruction of this now dismembered codex is provided

Christianity in Roman Scythia Ionuț Holubeanu, 2024-01-15 At present there is no scholarly consensus on the ecclesiastical organization in the Roman province of Scythia 4th 7th centuries This volume proposes a new interpretation of some of the historical evidence concerning the evolution of the see of Tomi a great metropolis first with suffragan bishoprics outside Roman Scythia and then inside it and later an autocephalous archbishopric Though there are also many unclear aspects regarding the evolution of monastic life in the province this book reveals that in contrast with the development of the monastic infrastructure in Roman Scythia a spiritual decline began in the mid 5th century

The Ashgate Research Companion to Byzantine Hagiography Stephanos Efthymiadis, 2016-04-01 For an entire millennium Byzantine hagiography inspired by the veneration of many saints exhibited literary dynamism and a capacity to vary its basic forms The subgenres into which it branched out after its remarkable start in the fourth century underwent alternating phases of development and decline that were intertwined with changes in the political social and literary spheres The selection of saintly heroes an interest in depicting social landscapes and the modulation of linguistic and stylistic registers captured the voice of homo byzantinus down to the end of the empire in the fifteenth century The seventeen chapters in this companion form the sequel to those in

volume I which dealt with the periods and regions of Byzantine hagiography and complete the first comprehensive survey ever produced in this field The book is the work of an international group of experts in the field and is addressed to both a broader public and the scholarly community of Byzantinists medievalists historians of religion and theorists of narrative It highlights the literary dimension and the research potential of a representative number of texts not only those appreciated by the Byzantines themselves but those which modern readers rank high due to their literary quality or historical relevance

Children and Family in Late Antique Egyptian Monasticism Caroline T. Schroeder, 2020-09-17 This is the first book length study of children in one of the birthplaces of early Christian monasticism Egypt Although comprised of men and women who had renounced sex and family the monasteries of late antiquity raised children educated them and expected them to carry on their monastic lineage and legacies into the future Children within monasteries existed in a liminal space simultaneously vulnerable to the whims and abuses of adults and also cherished as potential future monastic prodigies Caroline T Schroeder examines diverse sources letters rules saints lives art and documentary evidence to probe these paradoxes In doing so she demonstrates how early Egyptian monasteries provided an intergenerational continuity of social cultural and economic capital while also contesting the traditional family's claims to these forms of social continuity

Against the Grain Michael Goldberg, 2001-10-05 This book challenges current thinking on professional ethics and suggests new ways of looking at ethical issues The contributors to the volume Michael Goldberg Richard P Vance Deborah Fernhoff Nancey Murphy Theophus H Smith Jack L Sammons Jr William H Willimon and Senator John C Danforth are outstanding representatives of their respective professions In this book using the categories of religion and narrative as methodological tools they move readers to a more responsive hopeful and truthful conduct of the professions

Expectations of Justice in the Age of Augustine Kevin Uhalde, 2013-03-26 Augustine bishop of Hippo between 395 and 430 and his fellow bishops lived and worked through massive shifts in politics society and religion Christian bishops were frequently asked to serve as intellectuals legislators judges and pastors roles and responsibilities that often conflicted with one another and made it difficult for bishops to be effective leaders *Expectations of Justice in the Age of Augustine* examines these roles and the ways bishops struggled to fulfill or failed to fulfill them as well as the philosophical conclusions they drew from their experience in everyday affairs such as oath swearing and in the administration of penance Augustine and his near contemporaries were no more or less successful at handling the administration of justice than other late antique or early medieval officials When bishops served in judicial capacities they experienced firsthand the complex inner workings of legal procedures and social conflicts as well as the fallibility of human communities Bishops represented divine justice while simultaneously engaging in and even presiding over the sorts of activities that animated society business deals litigations gossip and violence but also made justice hard to come by Kevin Uhalde argues that serving as judges even informally compelled bishops to question whether anyone could be guaranteed justice on earth even from the leaders of the Christian church As a result their ideals of

divine justice fundamentally changed in order to accommodate the unpleasant reality of worldly justice and its failings This philosophical shift resonated in Christian thought and life for centuries afterward and directly affected religious life from the performance of penance to the way people conceived of the Final Judgment Longing for Spring Elaine A Heath, Scott T Kisker, 2011-05-26 Delving into the widespread contemporary longing for a more serious and communal experience of Christianity this book provides important theoretical underpinnings and casts a vision for a new monasticism within the Wesleyan tradition Elaine Heath and Scott Kisker call for the planting of neo monastic churches which embody the Wesleyan vision of holiness in postmodern contexts This book also points toward some vital shifts that are necessary in theological education in order to equip pastors to lead such communities Longing for Spring helps Wesleyans of all stripes understand the theory and praxis necessary for planting neo monastic communities as a new model of the church that is particularly important in the postmodern context The authors write in an engaging conversational style that is conversant with postmodern culture yet thoroughly informed by critical research Heath and Kisker boldly challenge the imagination of the church both within and beyond Wesleyan traditions to consider the possibility of revitalizing the church through the new monasticism *Pachomian Koinonia: The life of Saint Pachomius and his disciples* Armand Veilleux, 1980

RULING THE LATER ROMAN EMPIRE P Christopher KELLY, Christopher Kelly, 2009-06-30 In this highly original work Christopher Kelly paints a remarkable picture of running a superstate He portrays a complex system of government openly regulated by networks of personal influence and the payment of money Focusing on the Roman Empire after Constantine's conversion to Christianity Kelly illuminates a period of increasingly centralized rule through an ever more extensive and intrusive bureaucracy The book opens with a view of its times through the eyes of a high ranking official in sixth century Constantinople John Lydus His *On the Magistracies of the Roman State* the only memoir of its kind to come down to us gives an impassioned and revealing account of his career and the system in which he worked Kelly draws a wealth of insight from this singular memoir and goes on to trace the operation of power and influence exposing how these might be successfully deployed or skillfully diverted by those wishing either to avoid government regulation or to subvert it for their own ends *Ruling the Later Roman Empire* presents a fascinating procession of officials emperors and local power brokers winners and losers mapping their experiences their conflicting loyalties their successes and their failures This important book elegantly recaptures the experience of both rulers and ruled under a sophisticated and highly successful system of government

Thoughts Matter Mary Margaret Funk, 2013-02-01 Cassian taught that real intimacy with God in prayer demands renouncing one's former way of life the thoughts belonging to that former way of life and one's very idea of God In *Thoughts Matter* Mary Margaret Funk focuses on the second of these renouncing the thoughts belonging to one's former way of life Her eight chapters focus on different thoughts food sex anger dejection acedia profound weariness of the soul vainglory taking credit for good actions and pride Funk explains well how failure to control these thoughts can undermine our spiritual

life and she instructs readers on how effectively to overcome these thoughts and to focus instead on thoughts in harmony with God's will. The result is an experience of joy, hope, and freedom from enslavement to our appetites. Readers will come away enlightened, strengthened, and inspired to delve more deeply into a life of intimacy with God. **Maistor: Classical, Byzantine and Renaissance Studies for Robert Browning** Ann Moffatt, 1984-01-01 Preliminary Material Ann Moffatt The Publications of Robert Browning Ian Martin The Controversy about Slavery reported by Aristotle Politics I vi 1255a4 following Trevor J Saunders Greek Ethics after MacIntyre and the Stoic Community of Reason A A Long The Early Pantomime Riots E J Jory The Dark Side of the Moon P J Bicknell An Early Fourth Century Female Monastic Community in Egypt Alanna Emmett Friends and Enemies of John Chrysostom J H W G Liebeschuetz The Holy Men and their Biographers in early Byzantium and medieval China A preliminary comparative study in hagiography Samuel N C Lieu Reflections upon the Theological Tractates of Boethius John R S Mair The Poetic Achievement of George of Pisidia A literary and historical study J D C Frendo Thema J D Howard Johnston The Life of St Athanasia of Aegina A critical edition with introduction Lydia Carras The Bath of Leo the Wise Paul Magdalino Iakovos Monachos Letter 3 M J Jeffreys Matthaïos Gabalas and his Kephalaia Athanassios Angelou An Emperor without Clothes Niccolò Niccoli under attack M C Davies The Faithless Kabazitai and Scholarioi A A M Bryer Constantine XI Palaeologus some problems of image Margaret Carroll The After Life of the Letters of Theophylaktos Simokatta Ann Moffatt Plates Ann Moffatt **The Word in the Desert** Douglas E. Christie, Douglas Burton-Christie, 1993 Growing scholarly debate in recent years on the religious world of late antiquity has focused new attention on the quest for holiness by early Christian monks known as the desert fathers. This book explores the setting within which their early monastic movement emerged. **Monastic Education in Late Antiquity** Lillian I. Larsen, Samuel Rubenson, 2018-08-23 Redefines the role assigned education in the history of monasticism by re-situating monasticism in the history of education. **Riot in Alexandria** Edward J. Watts, 2017-02-23 This innovative study uses one well-documented moment of violence as a starting point for a wide-ranging examination of the ideas and interactions of pagan philosophers, Christian ascetics, and bishops from the fourth to the early seventh century. Edward J. Watts reconstructs a riot that erupted in Alexandria in 486 when a group of students attacked a Christian adolescent who had publicly insulted the students' teachers. Pagan students, Christians affiliated with a local monastery, and the Alexandrian ecclesiastical leaders all cast the incident in a different light, and each group tried with that interpretation to influence subsequent events. Watts, drawing on Greek, Latin, Coptic, and Syriac sources, shows how historical traditions and notions of a shared past shaped the interactions and behavior of these high-profile communities. Connecting oral and written texts to the personal relationships that gave them meaning and to the actions that gave them form, *Riot in Alexandria* draws new attention to the understudied social and cultural history of the later fifth-century Roman world and at the same time opens a new window on late antique intellectual life. **Forms of Devotion** Everett Ferguson, 1999 First published in 1999, Routledge is an imprint of Taylor & Francis, an informal company.

The Monks of the Nag Hammadi Codices Paula Tutty, 2024-10-02 This work tells the story of a community of fourth century monks living in Egypt The letters they wrote and received were found within the covers of works that changed our understanding of early religious thought the Nag Hammadi Codices This book seeks to contextualise the letters and answer questions about monastic life Significantly new evidence is presented that links the letters directly to the authors and creators of the codices in which they were discovered
