The Lines Are Coming A About Drawing:

The Lines We Draw Tim Franks, 2025-07-03 A moving journey through a Jewish family history from BBC Newshour presenter Tim Franks Tim Franks spent years as the BBC's Middle East Correspondent covering Israel and the occupied Palestinian territories During that time he was attacked as a self-hating Jew and as an Islamophobe as a tool of competing malign agendas He always tried to respond with a journalist's detached curiosity drawing a clear line between his identity and his work Up to the point that he asked himself is that necessary Beyond the judgments of others what does it mean to be Jewish It was a question he struggled to answer As a child in 1970s Birmingham Tim was a practising Jew with hardly any relations or sense of lineage And so he embarked on a search for his ancestral roots from Constantinople to Curaçao from Amsterdam to the death camps from Lithuania to Downing Street Framing each part of his journey through what he has learned as a journalist Tim discovers ancestors who all speak to a part of the Jewish story there are the refugees and the risk takers the artists rabbis soldiers and revolutionaries there is even a route to the Conservative Party's unlikely leader Benjamin Disraeli This book is a deeply empathetic memoir which encourages us all to confront the lines we draw In searching for what it is to be Jewish Tim discovers what it means to take a stand and write about the world

Drawing Outside the Lines Susan J. Austin, 2025-07-30 Meet the brilliant fearless and ambitious Julia Morgan In 1883 eleven year old Julia visits the amazing new Brooklyn Bridge an experience that ignites within her a small but persistent flame Someday she decides she too will build an astounding structure Growing up in horse and buggy Oakland Julia enjoys daring fence walks climbing the tallest trees and constantly testing her mother's patience with her lack of interest in domestic duties and social events At a time when brainy girls are the object of ridicule Julia excels in school and consistently outsmarts her ornery brothers but she has an even greater battle ahead When she enrolls at university to study engineering the male students taunt her and the professors belittle her Through it all however Julia holds on to her dream of becoming an architect She faces each challenge head on firmly standing up to those who believe a woman's place is in the home Fortunately the world has yet to meet anyone like the indomitable Miss Morgan Drawing Outside the Lines is an imagined childhood of pioneering architect Julia Morgan who left

behind her an extraordinary legacy of creativity beauty and engineering marvels Making Sense of Children's Drawings John Willats,2006-04-21 The message of this book is a simple one children learn to draw by acquiring increasingly complex and effective drawing rules In this regard learning to draw is like learning a language and as with language children use these rules creatively making infinite use of finite means Learning to draw is thus like learning a language one of the major achievements of the human mind Theories of perception developed in the second half of the 20th century enable us to construct a new theory of children s drawings that can account for their many strange features Earlier accounts contained valuable insights but recent advances in the fields of language vision philosophy and artificial intelligence now make it possible to resolve the many contradictions and confusions inherent in these early writings John Willats has written a book that is accessible to psychologists artists primary and junior schoolteachers and parents of both gifted and normal children
