**Eyes Across the Channel** Clare A. Simmons,2022-02-06 This book first published in 2000 uses interpretations of the  
French Revolution as a model to ask what history meant to Victorian Britain how events became enshrined with the authority  
of history and how such cultural assumptions might help us to read nineteenth century British literature By examining  
reactions to French revolution in a broad selection of texts this book explores how the Victorians responded to developments  
in France in historical terms repeatedly comparing new events to the touchstone of the first French Revolution yet always  
with the goal of finding ways to understand Britain s own past present and future      *The Individual and Society* Fathali M.  
Moghaddam,2002-01-18 Fathali M Moghaddam s *The Individual and Society* explores the fascinating relationship between  
the individual and society through a multi disciplinary approach drawing from research in social psychology sociology  
political science anthropology cultural psychology neuroscience and cognitive psychology From the Islamic revolution in Iran  
to the biology of depression Dr Moghaddam adeptly uses personal anecdotes and his unique views on society and psychology  
to bring a better understanding of how culture society and the individual interact      *The Predicament of the Prosperous*  
Bruce C. Birch,Larry L. Rasmussen,1978-01-01 How can a church in the richest and most powerful nation on earth respond  
to the needs of the poor the hungry and the oppressed The authors of this book describe this issue with clarity and power and  
explore the biblical perspectives that offer guidance toward a viable and more equitable future for both church and society  
The authors call for a radical change in life style based on a revolution in perspective and basic values      **Citadel Values II**  
Robert E. Freer,2010 From the author When *Citadel Values* went to press we began looking for an educational tool to  
capture the lessons and fortify our students in the greater world beyond the Lesesne Gate Also answering prompting calls for  
a longer book with more essays of comfort and wisdom we created a publication that has accomplished more than we sought  
This book is the result It reflects my thinking and writing during tumultuous economic times and of great stress on our body  
politic Stress is often the time of greatest growth I am hopeful as we traverse these bumps in the road that our American Ark  
will come out the better What I can assure you is that The Citadel will continue on its path of producing men and women of  
distinction and character to lead the next generation      *Democracy in the Digital Age* Anthony G. Wilhelm,2002-06-01  
*Democracy in the Digital Age* is a fascinating philosophical exploration of how the emerging information and communication  
technologies are impacting political participation in the United States Rather than being the antidote to democratic ills the  
political conversations occurring online are neither inclusive nor deliberative suggesting that new technologies as currently  
designed and used are as much threats to progress as they are vehicles of progress Wilhelm finds that there is often an

appearance of progress but negligible advancement of the human condition He discusses the four features of digitally mediated political life resources inclusiveness deliberation and design and demonstrates the need for a strong public policy

**Globalization, Poverty and Inequality** Raphael Kaplinsky,2013-05-03 Globalization is characterised by persistent poverty and growing inequality Conventional wisdom has it that this global poverty is residual as globalization deepens the poor will be lifted out of destitution The policies of the World Bank the IMF and the WTO echo this belief and push developing countries ever deeper into the global economy Globalization Poverty and Inequality provides an alternative viewpoint It argues that for many particularly for those living in Latin America Asia and Central Europe poverty and globalization are relational It is the very workings of the global system which condemn many to poverty In particular the mobility of investment and the large pool of increasingly skilled workers in China and other parts of Asia are driving down global wages This poses challenges for policy makers in firms and countries throughout the world It also challenges the very sustainability of globalisation itself Are we about to witness the implosion of globalisation as occurred between 1913 and 1950 Using a variety of theoretical frameworks and drawing on a vast amount of original research this book will be an invaluable resource for all students of globalization and its effects

**Coining for Capital** Jyotsna Kapur,2005-07-11 Since the 1980s a peculiar paradox has evolved in American film Hollywood s children have grown up and the adults are looking and behaving more and more like children In popular films such as Harry Potter Toy Story Pocahantas Home Alone and Jumanji it is the children who are clever savvy and self sufficient while the adults are often portrayed as bumbling and ineffective Is this transformation of children into little adults an invention of Hollywood or a product of changing cultural definitions more broadly In Coining for Capital Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure innocent and idyllic state the opposite of adulthood to its expression today as a mere variation of adulthood complete with characteristics of sophistication temptation and corruption Kapur argues that this change in definition is not a media effect but rather a structural feature of a deeply consumer driven society Providing a new and timely perspective on the current widespread alarm over the loss of childhood Coining for Capital concludes that our present moment is in fact one of hope and despair As children are fortunately shedding false definitions of proscribed innocence both in film and in life they must now also learn to navigate a deeply inequitable antagonistic and consumer driven society of which they are both a part and a target

**Summons of Trumpet** Dave R. Palmer,2009-01-21 Soldier scholar Palmer traces the history of the

American involvement in Vietnam and shows how events in both the U S and Vietnam became inextricably linked as domestic dissent and a lack of realistic viable military strategy ultimately led to America s first lost war      **Congressional Record** United States. Congress,1977 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873      **Perspectives on the Enlargement of the European Union** Cameron Ross,2021-09-06 In a historic decision at its Copenhagen Conference in June 1993 the European Union gave the green light to an eastward expansion Initially invitations to join the EU went out to just six countries of the former Soviet bloc Poland Hungary the Czech and Slovak republics Romania and Bulgaria However it was not long before there was a queue of other applicants from Eastern Europe pressing at the EU s gates There were real fears in some quarters that the economic reforms demanded for entry into the EU would bring about more shock than therapy in Eastern Europe and that a rapid move to the market would undermine support for democracy This volume of essays by a group of internationally recognised experts focuses on the eastward expansion of the European Union and the EU s relations with the applicant states The primary aim of the volume is to provide a historical and analytical account of the enlargement process and to provide readers with a scholarly road map to guide them through the intricacies of the rapidly changing enlargement terrain After region wide studies of the enlargement process there are case studies of eight countries Bulgaria Romania the Czech Republic Slovakia Croatia Serbia Poland and Estonia      **Department of Housing and Urban Development, and certain independent agencies appropriations for fiscal year 1980** United States.
