Thayer, Emma Mosley, Clint Bellenger, 2022-04-25 **Cardiovascular Risk Factors** Armen Yuri Gasparyan, 2012-03-14 Cardiovascular risk factors contribute to the development of cardiovascular disease from early life It is thus crucial to implement preventive strategies addressing the burden of cardiovascular disease as early as possible A multidisciplinary approach to the risk estimation and prevention of vascular events should be adopted at each level of health care starting from the setting of perinatology Recent decades have been marked with major advances in this field with the emergence of a variety of new inflammatory and immune mediated markers of heightened cardiovascular risk in particular The current book reflects some of the emerging concepts in cardiovascular pathophysiology and the shifting paradigm of cardiovascular risk estimation It comprehensively covers primary and secondary preventive measures targeted at different age and gender groups Attention is paid to inflammatory and metabolic markers of vascular damage and to the assessment of vascular function by noninvasive standardized ultrasound techniques This is a must read book for all health professionals and researchers tackling the issue of cardiovascular burden at individual and community level It can also serve as a didactic source for postgraduate medical students *Severe Convective Storms* Charles Doswell, 2015-03-30 This highly illustrated book is a collection of 13 review papers focusing on convective storms and the weather they produce It discusses severe convective storms mesoscale processes tornadoes and tornadic storms severe local storms flash flood forecast and the electrification of severe storms

The London Stage 1930-1939 J. P. Wearing, 2014-05-15 Theatre in London has celebrated a rich and influential history and in 1976 the first volume of J P Wearing s reference series provided researchers with an indispensable resource of these productions In the decades since the original calendars were produced several research aids have become available notably various reference works and the digitization of important newspapers and relevant periodicals The second edition of The London Stage 1930-1939 A Calendar of Productions Performers and Personnel provides a chronological calendar of London shows from January 1930 through December 1939 The volume chronicles more than 4 250 productions at 61 major central London theatres during this period For each production the following information is provided Title

Author Theatre Performers Personnel Opening and Closing Dates Number of Performances Other details include genre of the production number of acts and a list of reviews A comment section includes other interesting information such as plot description first night reception by the audience noteworthy performances staging elements and details of performances in New York either prior to or after the London production Among the plays staged in London during this decade were *The Barretts of Wimpole Street* *French without Tears* *George and Margaret* *The Greeks Had a Word for It* *Laburnum Grove* *Lady Precious Stream* *The Late Christopher Bean* *Love on the Dole* *Me and My Girl* *Private Lives* and *1066 and All That* as well as numerous musical comedies British and American foreign works operas ballets and revivals of English classics A definitive resource this edition revises corrects and expands the original calendar In addition approximately 20 percent of the material in particular information of adaptations and translations plot sources and comment information is new Arranged chronologically the shows are fully indexed by title genre and theatre A general index includes numerous subject entries on such topics as acting audiences censorship costumes managers performers prompters staging and ticket prices *The London Stage 1930-1939* will be of value to scholars theatrical personnel librarians writers journalists and historians *Pure-bred Dogs, American Kennel Gazette*, 1968-12 [The Effect of Interactivity in e-Learning Systems](#) Chris Evans, Luis Palacios, 2014-07-18 This book is based on research conducted to investigate whether interactivity yields a learning effect when used appropriately in e Learning Systems and whether this effect enhances learning There is no doubt interactivity is vital in learning This statement is emphasized to such an extent that it is claimed that students with higher levels of interaction will obtain more positive and higher levels of achievement However little scientific evidence can be found to support this relationship The importance of this book is based on the fact that it provides evidence of the impact of interactivity on e Learning Systems considering the three main agents of an educational activity the learner the teacher and the environment In addition the concept of feedback as a key element in any interactive mechanism for enhancing learning is well documented in several studies throughout this book Three empirical studies are presented that investigated interactivity within the educational triangle These three studies were conducted based on the framework of positivism and action research paradigms The first study entitled *Interactive Pedagogical Feedback* gathers evidence for how highly interactive pedagogically designed formative feedback enhances students memory and understanding The second study entitled *Interactive Audio Feedback* examines whether the speed enhancements of oral feedback improve the conditions for the production of the lecturer's feedback and the quality of the feedback delivered to the students The final study *Interactive Texting Feedback* takes a pedagogical approach to provide formative feedback to a student audience using mobile text messages and determines whether Interactive Texting Feedback enhances the learning experience within the e Learning environment The information contained in the book is useful for academics and institutions to improve their teaching and the efficiency of their learning delivery mechanisms and will guide the design of instructional content It will also be of utility to

other researchers and those in roles that require an understanding of interactivity
