Gordon, Kathryn A. Hain, 2017-09-26 *Concubines and Courtesans* contains sixteen essays on enslaved and freed women across medieval and pre modern Islamic social history The essays consider questions of slavery gender social networking cultural production sexuality Islamic family law and religion in the shaping of Near Eastern and Islamic society over time *The Scattered Court* Richard David Williams, 2023-04-25 According to political histories and popular memory he was a failure of a king who was forced to surrender his kingdom to the East India Company on the eve of the Indian Uprising of 1857 On the other hand in musical histories he is remembered either as a decadent aesthete or a path breaking genius The *Scattered Court* excavates the place of music in his court in Lucknow and his court in exile at Matiyaburj Calcutta 1856 1887 The book charts the movement of musicians and dancers between these courts as well as the transregional circulation of intellectual traditions and musical genres and demonstrates the importance of the exile period for the rise of Calcutta as a celebrated center of Hindustani classical music *Equine Behavior* Paul McGreevy, 2012-09-07 *Equine Behavior* A guide for Veterinarians and Equine Scientists is the quintessential reference for all who really want to know what makes horses tick Research in horse behavior has made great strides in recent years This book examines the truth behind modern trends and ancient traditions Full of insight it rounds up the latest findings of practitioners and researchers from all over the world drawing on both cutting edge research and best practice With more than 1 000 references the book explores equine behavior from first principles by considering the behavior of free ranging horses and focusing on ways in which management and training influence the responses of their domestic counterparts Equine physicians trainers handlers and owners all need to be students of equine behavior because the first sign of a problem is often a change in behavior So whether you own ride lead groom feed or heal horses what you observe is vital to your understanding Behavioral problems in the stable and under saddle are a grave concern for equine veterinarians worldwide because they can lead to poor performance welfare issues abuse and ultimately wastage Traditionally veterinarians gave priority to the physical health of their equine patients This book is a unique attempt to demonstrate the way science can throw light on how and why problems and unwelcome behaviors arise It also offers ways to bring about change for the better Beautifully illustrated with more than 500 photographs and line diagrams *Equine Behavior* A guide for veterinarians and equine scientists is an essential resource for practising veterinarians students and enthusiasts with a specific interest in horses ponies and donkeys Professional trainers and handlers equine scientists and behavior therapists will also find its contents invaluable Paul McGreevy is Senior Lecturer in Animal Behavior at the University of Sydney s Faculty of Veterinary Science Features a practical hands on approach to all aspects of equine behavior Discusses all factors that effect equine behavior Contrasts normal behavior with abnormal behavior Reviews all behavioral problems Lists and reviews the latest drug therapies Addresses difficult to treat clinical problems such as head shaking with insights from the leading researcher in this area Provides a brief clinical evaluation of horse whispering Illustrates the key behavioral differences between horses and donkeys **The Bar U & Canadian**

Ranching History S. M. Evans, 2004 For much of its 130 year history the Bar U Ranch can claim to have been one of the most famous ranches in Canada Its reputation is firmly based on the historical role that the ranch has played its size and longevity and its association with some of the remarkable people who have helped develop the cattle business and build the Canadian West The long history of the ranch allows the evolution of the cattle business to be traced and can be seen in three distinct historical periods based on the eras of the individuals who owned and managed the ranch These colourful figures beginning with Fred Stimson then George Lane and finally Pat Burns have left an indelible mark on the Bar U as well as Canadian ranching history The Bar U and Canadian Ranching History is a fascinating story that integrates the history of ranching in Alberta with larger issues of ranch historiography in the American and Canadian West and contributes greatly to the overall understanding of ranching history

Re-Inventing Islam Deanna Ferree Womack, 2025 From the end of the American Civil War to the start of World War II the Protestant missionary movement unintentionally tilled the soil in which American Islamophobia would eventually take root What ideas did missionaries in Islamic contexts pass on to later generations How were these ideas connected to centuries old Protestant discourses about Muslims and gender beginning in the Reformation And what bearing does this history have on the birth of Islamophobia and on Christian Muslim dialogue efforts in the US today In answering these questions Re inventing Islam traces the gender constructs that have informed historical Protestant perceptions of Islam especially in the far reaching textual visual and material influences of the American and British movement for missions to Muslims This book first considers Protestant discourse about Muslim women and men from the Reformation to the Enlightenment Then it turns to the colossal archive of literature images and cultural objects that missionaries and particularly missionary women collected from Islamic contexts and used to inform and motivate their constituents Anglo Protestants in the nineteenth and early twentieth centuries perpetually re invented stereotypes about Muslims and used these negative images to achieve particular Protestant theological and political purposes including missionary aims They did so when disseminating gender critiques widely to Protestant men women and children Why did they re invent Islam Deanna Ferree Womack argues that they did so to reinforce Protestant theological claims to justify their evangelistic endeavors to express both humanitarian concern and Eurocentric views of the world and to support British and American cultural economic and military expansion Simultaneously however this same missionary movement educated its constituents about diverse Islamic cultures in part by

providing humanizing images of Islam Missionaries also formed personal relationships with Muslims that would open pathways toward formal efforts of Christian Muslim dialogue after the mid twentieth century Americans have inherited all of these legacies In revisiting this history readers will find new possibilities for building a more open and just future Science among the Ottomans Miri Shefer-Mossensohn, 2015-10-15 Scholars have long thought that following the Muslim Golden Age of the medieval era the Ottoman Empire grew culturally and technologically isolated losing interest in innovation and placing the empire on a path toward stagnation and decline Science among the Ottomans challenges this widely accepted Western image of the nineteenth and early twentieth century Ottomans as backward and impoverished In the first book on this topic in English in over sixty years Miri Shefer Mossensohn contends that Ottoman society and culture created a fertile environment that fostered diverse scientific activity She demonstrates that the Ottomans excelled in adapting the inventions of others to their own needs and improving them For example in 1877 the Ottoman Empire boasted the seventh longest electric telegraph system in the world indeed the Ottomans were among the era s most advanced nations with regard to modern communication infrastructure To substantiate her claims about science in the empire Shefer Mossensohn studies patterns of learning state involvement in technological activities and Turkish and Arabic speaking Ottomans who produced consumed and altered scientific practices The results reveal Ottoman participation in science to have been a dynamic force that helped sustain the six hundred year empire
