Songs From Shakespeares Plays Popular:

Shakespeare and Popular Music Adam Hansen, 2010-09-23 Exploring the interactions between Shakespeare and popular music this book links these seeming polar opposites showing how musicians have woven the Bard into their sounds

Songs from Shakespeare's Plays and Popular Songs of Shakespeare's Time Tom Kines, 1964 Music Sales America Shakespeare's England comes alive once again in this delightful and much needed collection of songs Here are the words and music for 70 songs from Hamlet King Lear Twelfth Night The Winter's Tale Much Ado About Nothing As You Like It Othello Romeo and Juliet and several other plays plus other popular songs of the time Each song is chorded for guitar in the musical style of the Elizabethan era Songs from Shakespeare's plays consist of songs whose texts were written by William Shakespeare popular songs and ballads quoted or referred to by characters in the plays songs of contemporary poets and musicians and popular songs folk songs ballads rounds and street cries known to have been current at the time and included to add to the overall setting in which Shakespeare wrote and performed This is a practical useful and informal book making no pretense to prove anything except as editor Tom Kines says that the songmakers of Shakespeare's time were a skillful lot and the combination of the golden flow of poesy with the silver flood of melody and harmony will perhaps never again be equalled

Robert Armin and Shakespeare's Performed Songs Catherine A. Henze, 2017-06-26 After Robert Armin joined the Chamberlain's Men singing in Shakespeare's dramas catapulted from 1-25 songs and 9-95 lines of singing per play to 3-44 songs and 29-75 lines of singing a virtually unnoticed phenomenon In addition many of the songs became seemingly improvisatory similar to Armin's personal style as an author and solo comedian In order to study Armin's collaborative impact this interdisciplinary book investigates the songs that have Renaissance music that could have been heard on Shakespeare's stage They occur in some of Shakespeare's most famous plays including Much Ado About Nothing Twelfth Night Hamlet and The Tempest In fact Shakespeare's plays as we have them are not complete They are missing the music that could have accompanied the plays songs Significantly Renaissance vocal music far beyond just providing entertainment was believed to alter the bodies and souls of both performers and auditors to agree with its characteristics directly inciting passions from love to melancholy By collaborating with early modern music editor and performing artist Lawrence Lipnik Catherine Henze is able to provide new performance editions of seventeen songs including spoken interruptions and cuts and rearrangement of the music to accommodate the dramatist's words Next Henze analyzes the complete songs words and music according to Renaissance literary and music primary sources and applies the new information to interpretations of characters and scenes frequently challenging commonly held literary assessments The book is organized according to Armin's involvement with the plays before during and after the comic actor joined Shakespeare's company It offers readers the tools to interpret not only these songs but also vocal music in dramas by other Renaissance playwrights Moreover Robert Armin and Shakespeare's Performed Songs written with non-specialized terminology provides a gateway to new areas of research and interpretation in
