Feinstein, 2012-10-16 This special enhanced eBook includes twelve Gershwin classics performed by Michael Feinstein and commentary from the author on the music and the lives of George and Ira Gershwin. From celebrated entertainer Michael Feinstein comes a beautifully illustrated account of the lives and legacies of the Gershwins told through stories of twelve of their greatest songs. The Ambassador of the Great American Songbook Michael Feinstein was just twenty years old when he got the chance of a lifetime: a job with his hero Ira Gershwin. During their six-year partnership, the two became close friends. Feinstein blossomed under Gershwin's mentorship and Gershwin was reinvigorated by the younger man's zeal for his and his brother George's legacy. Now in *The Gershwins and Me*, the only book of its kind, Michael Feinstein shares unforgettable stories and reminiscences from the music that defined American popular song along with rare Gershwin memorabilia he's collected through the years. From *Strike Up the Band* to *Love Is Here to Stay*, each of the twelve chapters highlights one of the Gershwins' classic songs, exploring the brothers' lives, illuminating what the music meant to them, and telling the stories of how their iconic tunes came to life. Throughout the star-studded narrative, Feinstein unfolds the moving chronicle of his own life with the Gershwins, describing his vision for their enduring presence today. No other writer could give us such an authoritative inside perspective on these titans of American culture, and no other writer could include such a soulful collection of music as Feinstein's original recordings of the twelve songs. A timeless classic and the definitive account of the Gershwins and their legacy, *The Gershwins and Me* will have you humming with every turn of the page.

Latin Piano Practice Sessions Volume 1 In All 12 Keys Andrew D. Gordon, Latin Piano Practice Sessions Volume 1 In All 12 Keys Catalog Number ADG234 Author Andrew D. Gordon Publisher ADG Productions

I have created various Latin riffs and have transposed them into all 12 keys along with backing tracks to practice with, giving you the student a fun way of learning how to play in all keys. We all learned how to play our scales in all 12 keys, so I have taken that concept and applied it to learning to play Latin so that you can try to become equally adept at playing in as many keys as possible. Each of the riffs is either 2 or 4 measures in length, that are notated and recorded around the cycle of 4ths. Also, there is a notation page whereby the riff is being used in a typical Latin chord progression so that you can see how to apply the riff to a real-world situation. Each riff has been recorded 4 times: 1. Piano with rhythm tracks recorded around the cycle of 4ths; 2. Rhythm tracks recorded around the cycle of 4ths to practice with; 3. Piano with rhythm tracks recorded in a Latin chord progression in a designated key; 4. Rhythm tracks recorded in a Latin chord progression in the same key.

Reasons for practicing in all 12 keys: Often a singer cannot reach certain notes in the key that you have learned the song in; therefore, you will probably be asked to change the key of the song, which you can do with confidence knowing all 12 keys. Having the knowledge of playing in all 12 keys, it will then become easier to learn new songs whatever key they are in. Taking riffs, chord progressions, etc. through all 12 keys is a great ear-training tool, relying on your ears to play in keys that you are not used to before the muscle memory sets in. Practicing in

all 12 keys is a great exercise for the brain it is obviously hard work but the more you do it the benefits will become apparent By practicing in all 12 keys you will start to see various musical patterns evolve that will help you speed up the process of learning music It is my hope that as you practice playing in the various keys you will eventually not need the music and be able to transpose in your head Also great for sight reading exercises
