**Appalachia and Beyond** John Lang,2006 The last quarter century has seen a remarkable outpouring of fiction and poetry from southern Appalachia a surge of creativity that has formed an integral part of a larger and still growing regional self consciousness This book charts the course of this literary renaissance through twenty one interviews with contemporary Appalachian writers conversations conducted between 1983 and 2003 at Emory Loyal Jones interviews Jim Wayne Miller Richard Marius interviews Wilma Dykeman George Garrett interviews David Huddle and Michael Chitwood interviews Michael McFee These wide ranging conversations address such

topics as formative experiences in the author's childhood major literary influences the author's educational background and mentors the writing process the limitations imposed by such labels as Appalachian writer and the broadening scope of literature originating in the Appalachian region Collectively these interviews confirm the judgment of some observers that writers from the mountain South are now playing a much larger role in southern letters than in previous periods thus constituting a renaissance within a renaissance      **Appalachian Journal** ,2005 A regional studies review
