**D.H. Lawrence's The Rainbow and Women in Love** Doo-Sun Ryu,2005 Focusing on D H Lawrence s concept of essential criticism which was introduced in his posthumously published Study of Thomas Hardy and his statement that every work of art adheres to some system of morality But it must contain the essential criticism on the morality to which it adheres this book examines the ways in which Lawrence presents his ideas in his major novels The Rainbow and Women in Love It explores how this concept plays a crucial role in his fiction as an other to the implied author s messages functioning differently as equivocation and creative strife respectively in The Rainbow and Women in Love the concept helps to make these novels more dynamic than commonly realized **Like Hot Knives to the Brain** Peter Wolfe,2006-01-01 James Ellroy s prose in many ways as complex as any in the Western literary canon strung together sensational stories of crime and catastrophe The significance of his writing to Western culture has yet to be fully explored Author Peter Wolfe offers us the first book length study of Ellroy in English D.H. Lawrence and Attachment Ronald Granofsky,2022-06-15 Though we all face a tug of war between dependency and autonomy while growing up British author D H Lawrence 1885 1930 experienced the struggle with particular intensity Later in life his acute observational skills high emotional intelligence and expressive abilities would allow him to articulate this conflict in his works as few other writers have Applying concepts from attachment theory D H Lawrence and Attachment presents innovative readings of a broad swath of Lawrence s fiction Ronald Granofsky teases out hidden patterns in Lawrence s work deepening our understanding of his fictional characters and revealing new significance to key thematic concerns like gender identification marriage and class Lawrence s too close relationship with his own mother in particular was the foundation for his lifelong interest in attachment as well as the impetus for his literary exploration of the delicate balance between the desire for closeness and the need for separation While the theories of Margaret S Mahler D W Winnicott John Bowlby and others were developed after Lawrence s death his writing about relationships and how they are influenced by early childhood experiences bears a striking resemblance to the concepts of attachment theory The Lawrence who emerges from D H Lawrence and Attachment is a psychological writer of great power whose intuitive insights into the vagaries of attachment resulted in rich complex fiction *Sex In The Head* Linda R. Williams,2016-07-01 In Sex in the Head Linda Ruth Williams uses psychoanalysis and recent feminist film theory to analyze a network of ideas which link looking with sexuality and difference in the work of a writer who disavowed yet covertly enjoyed the pleasures and power of vision The book is a departure from the long history of feminist readings of Lawrence in that it discusses his engagement with theories of the gaze and its cultural forms cinema photography painting and the visual dynamics and metaphors of literary texts as a way of thinking through gender It shows him arguing on the one hand against the evils of cinema and visual sex while relishing through the eyes of women the moving spectacle of those male bodies which populate the pages of his books It also questions what it is about the work of such an adamant cinephobe which has

made it so thoroughly adaptable for film and television      **Twentieth Century Fiction** George Woodcock,1983-04-01
