Rieber, Robert J. Kelly, 2013-11-18 This book demonstrates how social distress or anxiety is reflected modified and evolves through the medium of the motion picture Tracing cinema from its earliest forms the authors show how film is a perfect medium for generating and projecting dreams fantasies and nightmares on the individual as well as the societal level Arising at the same time as Freud s influential ideas cinema has been intertwined with the wishes and fears of the greater culture and has served as a means of experiencing those feelings in a communal and taming environment From Munsterberg s original pronouncements in the early 20th century about the psychology of cinema through the pioneering films of Melies the works of the German expressionists to James Bond and today s superheroes this book weaves a narrative highlighting the importance of the social dream It develops the idea that no art form goes beyond the ordinary process of consciousness in the same way as film reflecting as it does the cognitive emotional and volitional aspects of human nature **Mapping Recreational Literacies** Margaret Mackey, 2007 Being a fully literate adult means something different today than it did fifty years ago Adults aged 18 34 having grown up with the technological innovations that have revolutionized the way we live and read the Walkman the video cassette recorder the affordable domestic computer the game console the DVD the Internet and a variety of mobile and portable communications equipment are the first generation to take the new world of literacy for granted This book explores what it means to be a literate adult today with the help of nine adults ranging in age from 19 to 36 It explores their detailed responses to a variety of particular texts a digital game an online poem a picture book a set of graphic novels Mapping Recreational Literacies looks at how we make selections in the face of a plethora of textual options and raises new questions about the importance of adult play with texts the significance of ownership in a consumer society and the role of reading both inside and outside of books This book looks at the significance of these issues for professionals such as teachers and librarians who work with younger readers Quality TV Janet McCabe, Kim Akass, 2007-09-26 In his seminal book *Television s Second Golden Age* Robert Thompson described quality TV as best defined by what it is not it is not regular TV Audacious maybe but his statement
