predecessors who have been written out of history and a searing look at the author's experience of patriarchy and sexism in academia. As a young woman growing up in small town Iowa, Regan Penaluna daydreamed about the big questions: Who are we and what is this strange world we find ourselves in? In college, she fell in love with philosophy and chose to pursue it as an academician, the first step she believed to becoming a self-determined person living a life of the mind. What Penaluna didn't realize was that the Western philosophical canon taught in American universities, as well as the culture surrounding it, would slowly grind her down through its misogyny, its harassment, its devaluation of women and their intellect. Where were the women philosophers? One day, in an obscure monograph, Penaluna came across Damaris Cudworth Masham's name. The daughter of philosopher Ralph Cudworth and a contemporary of John Locke, Masham wrote about knowledge and God and the condition of women. Masham's work led Penaluna to other remarkable women philosophers of the era: Mary Astell, who moved to London at age twenty-one and made a living writing philosophy; Catharine Cockburn, a philosopher, novelist, and playwright; and the better-known Mary Wollstonecraft, who wrote extensively in defense of women's minds. Together, these women rekindled Penaluna's love of philosophy and awakened her feminist consciousness. In *How to Think Like a Woman*, Regan Penaluna blends memoir, biography, and criticism to tell the stories of these four women weaving throughout an alternative history of philosophy, as well as her own search for love and truth. Funny, honest, and wickedly intelligent, this is a moving meditation on what philosophy could look like if women were treated equally.

The Three Secular Plays of Sor Juana Inés de la Cruz Guillermo Schmidhuber, 2021-12-14. Sor Juana Inés de la Cruz (1648-1695) wrote poetry, prose, and plays and is considered the greatest of Mexican women writers. She was an intellectual prodigy, reportedly mastering Latin in twenty lessons, and at sixteen she entered a convent so that she might continue her learning. One of the most influential early feminists in the New World, she answered a bishop's criticism in a letter that has become a classic defense of the education of women. She collected a private library of 4,000 volumes, but when she was told that her studies were delaying the progress of her spiritual education, she gave away her books and devoted herself to religious studies. Traditionally, scholars have attributed only one complete play to Sor Juana, but in 1989 Guillermo Schmidhuber discovered a lost play, *The Second*.

Celestina which he proved conclusively to be Sor Juana's earliest comedia co-authored with Agustín Salazar y Torres Schmidhuber's critical study is the first dedicated exclusively to the secular plays and the first to confirm Sor Juana's authorship of three dramatic pieces Combining literary history and criticism Schmidhuber explores the life and originality of Sor Juana's dramas and helps elucidate her enigmatic genius Though Sor Juana's work as a poet and intellectual has received increasing attention in the last decade writing about her has rarely taken into account her role as dramatist Schmidhuber helps correct this critical imbalance by examining Sor Juana's plays in light of dramatic theory He finds elements of both mannerist and baroque theater in her work sometimes both within the same play
