than she was legally required to. Many people also believe that the ship was traveling too fast. Yet her captain wasn't doing anything different than nearly every other liner at that time. The sinking attracted worldwide media interest. This interest has never lessened. The loss of the Titanic is just as fascinating today as it was on the day it occurred. *SOS Titanic!* András Dékány, 1998

Titanic and the Mystery Ship Senan Molony, 2011-08-31 As the Titanic was swallowed by a freezing sea over 800 miles from the nearest land her 2 200 passengers and crew attempted desperately to avert tragedy. Lifeboats were lowered and constant SOS signals sent but most realised they would require a miracle to avoid their doom. And then it came. Approaching over the horizon was a ship coming ever closer and then stopping within five or six miles of the Titanic. The joy on board the sinking ship was unimaginable the crew even reassured passengers that rescue was imminent. Agonisingly however the vessel did not come to the rescue despite rockers of appeal but gradually turned and moved away abandoning over 1 500 people to their fate. The search for the Mystery Ship began immediately and both Britain and the USA accused a ship called the Californian of deserting the Titanic in her hour of need. But was the Mystery Ship the Californian. For the first time this book explores the totality of evidence with the discovery of the Titanic's actual wreck site in 1985 allowing crucial insights not available during official investigations seventy three years earlier. Combining a penetrating argument with an extensive collection of archive photographs and materials this book aims to find clear answers to the many riddles of the Titanic's Mystery Ship.
