

Soul Bared

L. J. Dickinson

Soul Bared:

Soul Bared David L. Oakford, 2004 David Oakford's experience on The Other Side of death's curtain is real, valid and profound. Although drugs were the initial trigger for what he went through and clearly the evidence for drug effects color the first part of his episode and the beginnings of the second part, what happened next was a full-blown ascended state that had a significant impact on him. Near-death experiences are not magic nor do they produce saints. And we can thank David for revealing this for baring his soul. From the struggles and depression that followed, there emerged a truly changed man who knew positively knew that there is more to life than we are taught and more to God's Greater Plan for us than we might imagine.

More Musings William Russell Hardick II, 2013-04-26 More Musings is William Russell Hardick's second book, but the content is the same as Musings of an Old Warrior, though many of the poems are derived from personal experiences, many are from other people's experiences and his visions of what the future holds and has already begun to occur in this world. Russell writes about love, loss, and the significance of war. What Russell tells us is not just a depiction of the outlook but warnings to the younger generation to take caution and to realize for themselves that these occurrences are happening in real time, basically detailing reality. Russell also represents each individual's sojourn.

Comparative Criticism: Volume 12, Representations of the Self E. S. Shaffer, 1990-09-27 This volume explores a theme that has become central in our time as the death of God is widely seen to be succeeded by the death of Man. Our contributors set forth its urgency in a variety of contexts. Among these, Peter Stern gives the paradigmatic history of the bereft, damaged and repudiated self in German philosophy and literature from Kleist to Ernst Jünger. In Not I, Michael Edwards pursues the theological and psychological consequences of a self without substance. Peter France supplies a witty account of the marriage of self and commerce more at home in the eighteenth-century tradition of British empiricism and the challenge of Rousseau's refusal of the terms of commerce. Raman Selden explores views of the self from the Romantics to the poststructuralists. Roger Cardinal probes the secret diary as the genre, a contradiction in terms. Stephen Bann explores the representations of Narcissus in recent psychoanalytic theory. Other contributors include Pierre Dupuy, David James, Julie Scott, Meisami, Gregory Blue, Mark Ogden, and A. D. Nuttall.

Sir John Dering Jeffery Farnol, 2022-08-21 In Sir John Dering, Jeffery Farnol crafts a captivating tale set in the Elizabethan era, weaving together themes of honor, adventure, and romance with his signature lyrical prose. The narrative follows the bold and chivalrous Sir John Dering, who is portrayed as a quintessential hero navigating a world rife with political intrigue and personal trials.
